Ms. Peterson explained the history and legislative intent of the special health endorsement statute for dental hygienists. Ms. Peterson stated since the adoption of NRS 631.3452 she was advised by the former Executive Director that dental hygienists who hold special health endorsements are required to be under the supervision of a dental director pursuant to NRS 631.3452. Ms. Peterson stated it is her belief this was not the intent of the statute and was requesting an advisory opinion as to whether a Dental hygienist who has been issued a special

health endorsement pursuant to NAC 631.210(5) is exempt from the provisions of NRS 631.3452(1)(e).

Board Counsel explained to the options available to Board on whether to issue an advisory opinion sought pursuant to NAC 631.279. Board Counsel then stated for the record RDH Peterson's specific request. Board Counsel then read into the record NRS 631.3452(1)(e) which states:

Supervising dental hygienists, dental assistants and other personnel involved e) in direct patient care and authorizing procedures performed by the dental hygienists, dental assistants and other personnel in accordance with the standards of supervision established by law or regulations adopted pursuant thereto.

Board Counsel then made specific reference to the language contained in NRS 631.3452(1)(E) which states "*with the standards of supervision established by law or regulation.*"

Board Counsel then read into the record NAC 631.210(5) which states:

5. The Board may authorize a dental hygienist to perform the services set forth in paragraphs (a) to (n), inclusive, of subsection 1 without supervision by a dentist and without authorization from the licensed dentist of the patient on whom the services are to be performed, at a health facility, a school or a place in this State approved by the Board after the Board:

- (a) Issues a special endorsement of the dental hygienist's license.*
- (b) Approves the treatment protocol submitted by the dental hygienist which includes an explanation of the methods that the dental hygienist will use to:*
 - (1) Treat patients; and*
 - (2) Refer patients to a dentist for:*

Board Counsel then advised the Board upon considering the language contained in NRS 631.3452 and NAC 631.210(5) the Board could conclude that a hygienist who has been issued a special health endorsement pursuant to NAC 631.210(5) is exempt from the provisions of NRS 631.3452(1)(e). Board Counsel further advised the Board where a dental office or clinic established pursuant to NRS 631.3452 is staffed by dental hygienists who do not have a special health endorsement pursuant to NAC 631.210(5) those hygienist are not exempt from the provisions of NRS 631.3452. and those hygienist must be supervised by a dental director licensed to practice dentistry in the State of Nevada as required by NRS 631.3452. However a dental office or clinic established pursuant to NRS 631.3452 that is staffed only by hygienist who have been

issued a special health endorsement pursuant to NAC 631.210(5) are not required to have a dental director licensed to practice dentistry in the State of Nevada as required by NRS 631.3452.
