ADVISORY OPINION

I.
BACKGROUND

1. As set forth in NAC 631.279 through authority of NRS 631.190 and NRS 233B.120 the Board is authorized to provide advisory opinions.

NAC 631.279 Proceedings to determine applicability and construction of statutes and regulations. (NRS 631.190)

1. Any applicant or licensed dentist or dental hygienist may obtain a determination or advisory opinion from the Board as to the applicability of any provision of [chapter 631](#) of NRS or any regulation adopted pursuant thereto by bringing an action for a declaratory judgment before the Board.

2. The Board will construe any statute or regulation reviewed pursuant to this section in a manner consistent with the declared policy of the State of Nevada.

- A. The Board has discretion whether or not to issue an advisory opinion pursuant to NAC 631.279.
- B. Licensee, S. David Moore, DDS and licensee Michael Moore, DDS, requested an advisory opinion regarding the use of Botox and dermal fillers by a general dentist and whether it is permissible under NRS 631.215.
- C. Public notice of the above-referenced request for an advisory opinion was provided in accordance with state law.

**II.
DISCUSSION**

- D. Dr S David Moore and Dr Michael Moore were not present at the meeting however, they requested the advisory opinion regarding the use of Botox and dermal fillers by general dentist and whether it is permissible under NRS 631.215. Board Counsel advised the Board of the original advisory opinion issued on September 21, 2006. Board Counsel stated no changes have been made to NRS 631.215 regarding the use of Botox and dermal fillers.
- E. Board Counsel advised the Board to review the original advisory opinion issued on September 21, 2006.

Therefore, it is the legal opinion of Board Counsel that since the statute does not reference Botox and dermal fillers within the scope of persons deemed to be practicing dentistry. The Board should affirm the original advisory opinion dated September 21, 2006.

Board Counsel then advised the Board Members the proper language necessary to issue an advisory opinion.

III.
CONCLUSION

After considering and discussing public comment pursuant to the authority set forth in NAC 631.279, NRS 631.190 and NRS 233B.120, a motion was made by Board Member Blasco that the Board issue an opinion affirming the original advisory opinion dated September 21, 2006. Further, to allow for the use of Botox and dermal fillers by a general dentist would require a statutory change through the legislative process.

The motion was seconded by Board Member Sill. No discussion:
