Dr. Pappas asked Mrs. Gamboa to step forward. Mr. Hunt read the pertinent regulation NAC 631.273 regarding ownership or control of a practice by member of family after death of dentist. Mr. Hunt confirmed with Ms. Kelly that the Board was in receipt of a certified copy of the death certificate. He indicated that the Board is to appoint a member/agent/employee to verify compliance of appropriately operating practice. He added that if the Board finds that the office is not being operated in full compliance of the requirements in chapter 631 then the Board may go to district court to seek injunctive relief. Ms. Kelly recommended that the Board appoint Dr. Tony Guillen as he is a conscious sedation permit holder and the practice holds a conscious sedation site permit, which according to information received from Mrs. Gamboa is not being used; however, if a dentist who holds a permit to administer assists the practice then the practice will be monitored.

MOTION: Mr. McKernan made the motion to appoint Dr. Guillen to monitor the practice. Second by Dr. Pinther. Discussion: Mr. Hunt clarified that the motion should include monitoring and investigating the operation of the dental practice. Mr. McKernan amended his motion to appoint Dr. Guillen to monitor and investigate the operation of the practice. Dr. Pinther amended his second in concurrence with the amended motion.

Comments: Mrs. Gamboa indicated that she understood the guidelines and noted to the Board that she has ceased operation of the practice until she is able to work out who the dentists will be that will assist in the operation of the practice. She inquired if she is able to sell her practice to a periodontist as well as a general dentist. Dr. Pappas commented that Dr. Gamboa had a periodontal office; which Mrs. Gamboa affirmed. **\*h. Reactivation of Inactive License – NAC 631.170(3) (For Possible Action)**  
(1) Lori A Fagundes, RDH

Dr. Miller inquired if webinars are considered to be live instruction. Dr. Pappas answered affirmatively. Ms. Fagundes stepped forward. Dr. Pinther inquired about Ms. Fagundes last place of employment; which she indicated was at a diagnostic company owned by Quest Diagnostics.

MOTION: Mr. McKernan made the motion to approve the reactivation. Second by Mrs. Wark. Discussion: Dr. Hellwinkel asked for clarification of the regulations for revocation. Ms. Kelly indicated that the reason the application had to come before the Board for approval was that Ms. Fagundes had not practiced dental hygiene for over a year-and-a-half. She indicated that Ms. Fagundes let her license lapse and, therefore, her license was revoked which was an administrative revocation for non-renewal. She added that she has paid the fees due and has reinstated her license. All in favor.

**\*i. Reactivation of Inactive License – NAC 631.170(4) (For Possible Action)**  
(1) Leora A Worth, RDH

Mrs. Worth stepped forward. Mr. McKernan inquired for clarification if the last dental hygiene job was in 2008. Mrs. Worth answered affirmatively. Mr. McKernan suggested that she perhaps take a skills assessment and possible remediation. Dr. Pappas mentioned that at the last meeting, though there is no precedence and the Board may do as they wish at their discretion, that typically a skills assessment with remediation has been required for those who have not practiced in four years or greater. Ms. Kelly indicated that the statute indicates two years; however the Board historically has required a skills assessment or an exam for those who have not practiced in over four years. Nonetheless, the Board may, at their discretion, decide what to require before reinstating a license for someone that has not practiced in over two years.

MOTION: Mr. McKernan made the motion to require a skills assessment. Second by Mrs. Villigan. Discussion: Mr. Hunt noted for the record that the applicant has the right to choose to take and pass a clinical examination in lieu of the skills assessment. All in favor.

Mrs. Worth inquired if she will be receiving a letter that lists what she will be required to complete, furthermore, if she will have to return before the Board upon completion of those requirements. Ms. Kelly indicated to Mrs. Worth that the skills assessment can be completed at any ADA accredited dental hygiene program. Locally in Las Vegas she could contact the College of Southern Nevada (CSN) and inquire when they will be offering the skills assessment, or she may contact an alternate location with a dental hygiene program. If an alternate location is sought, Ms. Kelly offered to provide her with a skills assessment outline that would be provided to the program that accepts her for a skills assessment that will list the areas to be assessed. Upon completion of the skills assessment and any remediation that they would ask you to complete, action could then be taken by the Executive Director to reactivate the license. She added that Mrs. Worth also had the option to take a clinical exam. Ms. Kelly explained to Mrs. Worth what the skills assessment entails and the option of clinical exams that are accepted by the Board, the WREB or ADEX exam.

97 **\*j. Approval of Inactivation of Specialty License – NAC 631.170 (For Possible Action)**

98 (1) Jimmy C Wang, DDS

99

00 Dr. Wang stepped forward. Dr. Pappas inquired if Dr. Wang currently held a specialty license in periodontics. Dr.  
01 Wang answered affirmatively and indicated that he applied for a specialty license by credential at the last Board  
02 meeting. Per Dr. Pappas' inquiry, Dr. Wang indicated that he took the WREB clinical exam. He indicated that  
03 he was licensed as a general dentist and upon completing a specialty program applied for a specialty license;  
04 however, has been unable to obtain employment as a specialist and, therefore, would like to inactivate his specialty  
05 license and reactivate his general dental license. Ms. Kelly went over Dr. Wang's license history.

06

07 MOTION: Dr. Sill made the motion to approve the inactivation of Dr. Wang's specialty license and reactivate his  
08 general dental license. Second by Dr. Kinard. Discussion: Dr. Pappas clarified that there were no additional  
09 requirements for Dr. Wang to fulfill. Ms. Kelly confirmed Dr. Pappas' clarification and indicated that Dr. Wang  
10 cannot advertise himself as a specialist, but may limit his practice if he chooses. Dr. Pappas reminded Dr. Wang that  
11 he may limit his practice to periodontia but will have to indicate that periodontal services are being provided by a  
12 general dentist and cannot bill as a specialist. Dr. Wang understood. All in favor.

13

14 **\*k. Consideration of Application by WREB – NRS 631.240 (Pursuant to NAC 631.050) (For**  
15 **Possible Action)**

16 (1) Alec M Fillmore, DDS - (Pursuant to NRS 241.030, the board may, by motion, enter closed session.)

17

18 Mr. Hunt asked Dr. Fillmore if he would like to enter into a closed session. Dr. Fillmore declined. Mr. Hunt asked if  
19 he understood that this was not a hearing, which Dr. Fillmore responded affirmatively. Mr. Hunt indicated to Dr.  
20 Fillmore if he understood that if the Board were to reject the application it is reportable to the National Practitioners  
21 Data Bank. Dr. Fillmore responded that he understood and indicated that he was uncertain if he would be able to  
22 reapply. Mr. Hunt indicated that he could reapply, however, may also choose to withdraw his application or may  
23 proceed, however, reminded him that it was his right to have an attorney present. Dr. Fillmore indicated that he  
24 understood and chose to proceed. Dr. Hellwinkel indicated that she rejected the application because she wanted to  
25 bring this matter to the full Board's attention, as it deals with concern for the public. She indicated that Dr. Fillmore  
26 has been forthcoming about his past issues and has been sober and clean for over nine years. Dr. Pinther inquired if  
27 he was practicing in California. Dr. Fillmore indicated he was not and only received his California license a few  
28 months prior. Mr. McKernan indicated that the treatment center tested him on a monthly basis but some results are  
29 missing. Dr. Fillmore indicated that he provided all that was provided to him. He added that he has not been able to  
30 contact the person that was in charge tracking his drug testing, Joyce. He indicated that his counselor Jane provided  
31 him the records. He offered to sign a release to allow the Board to obtain a copy of his records. Dr. Pinther  
32 commended him for turning his life around. Dr. Pappas inquired if it would be appropriate for the Board to require a  
33 stipulation agreement in order to be licensed. Mr. Hunt indicated that the Board has full discretion and can ask for  
34 monitoring, random drug and alcohol testing, which Dr. Fillmore would have to agree to. He further advised that the  
35 Board could approve the application for licensure, they could deny the approval for licensure, and then require that  
36 approval be based on agreeing and entering into a stipulation agreement. Dr. Pappas inquired of Dr. Fillmore if  
37 while at Loma Linda he participated in certification for conscious sedation, general anesthesia or anything of similar  
38 nature. Dr. Fillmore indicated that he did not; he only participated in nitrous oxide.

39

40 MOTION: Mrs. Matthews made the motion to approve the application. Second by Dr. Pinther. Discussion: Dr.  
41 Miller indicated that it seemed that Dr. Fillmore has been involved with Dr. Jackson at the concerned dentists  
42 committee and asked for more details regarding his involvement. Dr. Fillmore indicated that he met with the  
43 Concerned Dentists' Committee the previous summer and was offered support that he would need should the Board  
44 decide to require monitoring and they offered to help him coordinate the monitoring. He indicated that he speaks  
45 with Dr. Jackson regularly and is active in Alcoholics Anonymous. He added that the Concerned Dentists'  
46 Committee offered to help him in any way that he may need. Dr. Pappas inquired about how many meetings he  
47 attends a week. Dr. Fillmore indicated that he attends meetings two-to-three times a week and tries to make the  
48 Committee meetings as often as possible but goes at least twice a month. All in favor; Dr. Hellwinkel abstained.

.56 Ms. Kelly indicated that Ms. Recca contacted CSN about taking an assessment program to prepare for the ADEX  
.57 dental hygiene exam, and Shari Peterson referred her to the Board. Ms. Kelly noted to the Board that Ms. Recca had  
.58 not practiced dental hygiene for nine years and is not a licensed hygienist, which, usually the Board requires an  
.59 assessment for licensees who have not practiced. She indicated that CSN will be having an assessment March 9<sup>th</sup>, if  
.60 an instructor can be found. She indicated that CSN will offer an assessment at the Boards' request for her to  
.61 complete the assessment. Dr. Miller inquired if the Board were to grant authorization for Ms. Recca to take an  
.62 assessment would it then qualify her to take the ADEX dental hygiene exam or the WREB exam. Ms. Kelly  
.63 indicated that, yes, she assumes it would qualify Ms. Recca.
