118 there is only a budget for three to travel, therefore, after much discussion Dr. Kinard and Dr. Blasco are to  
119 communicate and make accommodations to stay within budget so that all four members can attend. Dr.  
120 Miller indicated that he was willing to incur his lodging expenses. It was agreed that Mrs. Guillen, Dr.

166 \*a. Discussion and Recommendations regarding Inspections of Dental Offices

167 **applying for General Anesthesia Site Permits and Compensation for**  
168 **Evaluators/Inspectors** (For Possible Action)

169 Ms. Shaffer indicated that currently the office is having difficulty having site inspections done in Northern  
170 Nevada. She raised the concern of the financial impact affecting the Board with having to send inspectors  
171 from the South to the North. She noted to the Board that there were some issues with some dentists did  
172 not want to have inspectors who did not hold a General Anesthesia (GA) permit to evaluate office for those  
173 applying for a GA site permit. She further noted that upon speaking with Dr. Twesme (an evaluator for the  
174 Board) he commented to her that any inspector can evaluate an office for a site permit whether they hold a  
175 GA or Conscious Sedation (CS) administrators permit. She clarified that Dr Twesme indicated that a CS  
176 permit holder can evaluate any office for a GA site permit, and vice-versa.

177 Dr. Sill commented on the current reimbursement amounts for the inspectors should be re-  
178 evaluated, reason being that some inspectors conduct multiple inspections that consist of an entire day's  
179 work. Ms. Shaffer indicated that currently the Board is being financially impacted with every inspection  
180 conducted because the cost to inspect an office exceeds the amount charged to apply for a permit. She  
181 recommended that the Board consider increasing the permit application fee to the statutory maximum of  
182 seven hundred and fifty dollars (\$750), especially, if they are going to consider increasing the  
183 compensation amount paid to the inspectors.

184  
185 MOTION: Mrs. Solie made the motion to vote on the compensation and inspections separately. The  
186 motion was seconded by Dr. Blasco. All were in favor.

187  
188 SECOND MOTION: Dr. Sill made the motion to allow for anyone who holds either a GA and/or CS permit  
189 to be able to conduct site inspections for any GA/CS location. The motion was seconded by Mrs. Guillen.  
190 All were in favor; Dr. Miller abstained.

191  
192 THIRD MOTION: Dr. Sill made the motion to increase the inspector compensation amount to fifty dollars  
193 (\$50) an hour, contingent upon an application fee increase workshop being held to create a structure so  
194 that the compensation will not exceed the Board budget; furthermore, travel compensation is to start upon  
195 the inspector arriving at the first inspection site. Mr. Hunt brought up concerns that a workshop would  
196 have to be held first to consider increasing the application fees for a GA or CS site permit. Dr. Sill  
197 withdrew his motion.

198  
199 MOTION: Dr. Blasco made the motion to have the Board convene a workshop to evaluate a fee increase  
200 of the fees for site permit applications and inspector compensation. The motion was seconded by Dr. Sill.  
201 All were in favor.

208 Board members to participate in at least two exams per year. He went over WREBs' exam protocol. He  
209 noted that WREB's exam is computerized and, therefore, results are automatic. Results are traditionally  
210 provided to candidates within nine (9) days preceding the exam. He added that the WREB candidates  
211 must complete the exam within one (1) year. He added that the exam procedures are quite similar to the

**8. Public Comment:** No comments.

**Note: No vote may be taken upon a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action may be taken. (NRS 241.020)**

**9. Announcements:** Mr. Hunt commented to the Board regarding a public comment made at the previous Board meeting regarding the North Carolina Board. He noted to the Board that such a comment had no merit, reason being that the North Carolina Board is not considered a state agency and their Board members are elected by the Dental Association, not by the Governor. He noted further that the North Carolina Board is going to be appealing the ruling because they are not protected by the State of North Carolina. He commented that he was rather hopeful that the Supreme Court would overrule the Fourth (4<sup>th</sup>) Circuit ruling, thus making the public comment made inaccurate.

Mr. Hunt advised the Board an anonymous inquiry via telephone asking whether Chapter 622 is applicable to our Board. Specifically, NRS 622.230. This statute addresses independent contractors and if they are an immediate relative to a Board Member and providing services to the Board in the capacity of an DSO, Anesthesia Evaluator and/or an Infection Control Inspector. Mr. Hunt asked the Board Members to review and if this statute applies to any Board Member to contact him

Mr. Hunt commented to the Board that currently the board does not charge a fee to conduct the Infection Control (IC) inspections, and, therefore, may want to consider adding a fee at the next legislative session.

Ms. Shaffer announced that the new server was installed; however, that they are still waiting for the state to work with the landlord to have a air conditioning unit installed.

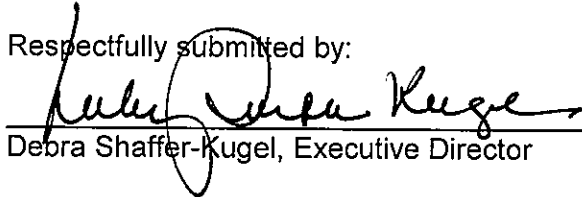

Dr. Pinther inquired on the Board retreat, to which Ms. Shaffer indicated that the annual retreat was cancelled and that the Board will be holding a one-day administrative session in October and another one-day administrative session in March.
