78 the miscellaneous expense would be ongoing. Mrs. Hummel reminded the Board of the expense the Board incurred
79 to replace the door of an investigator, which was approved by the Board at a prior meeting. Ms. Hummel stated
80 that it was not an anticipated expense, but noted that they will continue to see the miscellaneous expense through
81 the end of the current fiscal year. Mrs. Hummel indicated the Board's revenue is significant than what was
82 budgeted for income. She added that some expenses would level out the revenue with the exception, however, of
83 items such as GL Suites that cost the Board funds in unanticipated expenses. She commented to the Board that a
84 semi-annual review and planning meeting for this year is not anticipated. Mrs. Hummel stated that they will be
85 going into their new budget period year and asked that a meeting be scheduled in May with the Budget and
86 Finance committee to review and discuss the budget and especially personnel. Mrs. Solie inquired if the
87 verification services would be reflective now that they are provided in-house. Mrs. Hummel answered
88 affirmatively. Ms. Shaffer-Kugel advised the Board they were now using Lexis Nexis to conduct the background
89 checks, which incurs a fee of three thousand three hundred dollars (\$3300) a year for two users. Mrs. Wark
90 inquired if expenses over revenue budget would balance itself by the end of the year. Mrs. Hummel responded that

122
123 Mrs. Shaffer-Kugel indicated that as of May their lease will terminate, but have since negotiated a new lease that is
124 a five-year lease. She noted that they had previously sub-leased to the Medical Board next door, however, that the
125 Medical Board was able to negotiate their own lease, and therefore, the lease presented was for the Dental Board
126 office space only. She commented to the Board that under paragraph three it advised them that the Board of
127 Examiners would negotiate leases for all state agencies, but after further review it was determined that the Board
128 was actually exempt from this requirement and would like to have paragraph three removed since it is no longer
129 applicable. She added that they currently do not pay any cams and that they currently pay \$1.62 a square-foot. She
130 also noted that they have not had an increase in their rent in two years. Dr. Kinard inquired about paragraph 24,
131 regarding improvements and asked if they should strike 'Exhibit A' as it was left blank. Mrs. Shaffer-Kugel
132 indicated to Dr. Kinard that there is an Exhibit for improvements that will eventually be submitted, and thus
133 suggested if, perhaps, they should change the language to read 'pending 'Exhibit A'. Mrs. Wark inquired about the
134 rent price and if that was the going rate for spaces in the surrounding area. Mrs. Hummel indicated that there is an
135 8% increase and that it was the normal percentage increase. She added that the cam charges were already included
136 in the rental price and that the cam charges were fixed and not variable.

137
138 MOTION: Dr. Blasco made the motion to approve the lease with the removal of item 3 and Exhibit A. Motion was
139 seconded by Mrs. Wark. Discussion: Mr. Hunt commented that the final approval must come from the Board of

204 and complied with all the provisions of his stipulation agreement. He commented to the Board that they were to
205 decide whether or not to allow Dr. Colosimo to apply for a dental license. He added that the State of Arizona
206 reinstated his license upon him completing and complying with all their disciplinary requirements. Mr. Hunt
207 asked Dr. Colosimo if he would like to exercise his right to enter into a closed session. Dr. Colosimo chose to
208 remain in an open session. Mrs. Wark inquired of Dr. Colosimo if he was wanting to practice in Las Vegas or

238 under the supervision of a dental hygienist with a Public Health Endorsement pursuant
239 to NAC 631.220 - NAC 631.279 (For Possible Action)
240

241 (1) Mary T Chandler, RDH-Future Smiles
242

243 Mrs. Chandler stepped forward. Mrs. Solie noted to the Board that she is a Board of Directors member and that
244 she will be refraining from any decision regarding this agenda item. Mrs. Chandler went over the details of her
245 request for an advisory opinion. Mr. Hunt noted to the Board that under the current regulation it is not permitted.
246 Mrs. Chandler inquired where, then, would the supervision fall for those with a PHE. She added that if a Dental
247 Assistant would be permitted to place sealants PHE holders would be able to serve more children. Mr. Hunt
248 stated that currently there was not a regulation that would allow a dental hygienist to supervise a dental assistant
249 in a public health setting, and that ultimately the liability would lie with the dentist. He added further, that a PHE
250 only allows a dental hygienist to practice independently in a public health setting. He noted that any change for
251 this would have to be a statute change. Furthermore, that it was his legal opinion that the proper venue would be
252 the legislature. He noted to the Board they could not render a decision because NAC 631.220(3) states that a
253 dental hygienist may authorize a dental hygienist to assist them, but that it does not include sealants. Further, that
254 if a change were made to allow this it could be added to section NAC 631.220(2) (a)-(f). Mrs. Shaffer-Kugel noted
255 that in order to operate a public health setting it is required that they have a dental director and further, lists that
256 the dental director must supervise and are the only one that can supervise and authorize a dental assistant to place
257 a sealant. Therefore, the dental hygienist does not have the authority to supervise or authorize a dental assistant to
258 place sealants. Mr. Hunt noted that if a change were to be made it would require a statute change. Therefore, the
259 advisory opinion may be that they a dental hygienist cannot supervise a dental assistant to place dental sealants.
260

261 MOTION: Dr. Pisani issued the opinion that dental hygienists are not allowed to supervise dental assistants place
262 sealants in a public health setting. Motion seconded by Dr. Kinard. All were in favor.
