233 Chapman addressed the Board and noted that Mr. Casco had appealed the judgment that was issued by the
234 Courts. She indicated that they reached a settlement agreement that was discussed in length and agreed
235 upon, which is what was now brought before them and that the settlement agreement was contingent upon
236 Board approval. Dr. Pisani requested a synopsis of this case. Mrs. Bernstein Chapman obliged and stated
237 that Mr. Casco was found to have been violating an injunction for practicing without a license, twice now, and
238 therefore the court found him in contempt for violating the original injunction from 2004. Ms. Long noted
239 that the court has determined that it is deemed to be the illegal practice of dentistry for practicing without a
240 license, even though Mr. Casco believed he could practice on a reservation. Furthermore, that if there is a
241 future event that Mr. Casco is found to be practicing dentistry illegally, yet again, all that was tabled in the
242 negotiations would go into effect.

264 Dr. Blasco directed the attention to Dr. Johnson and noted that they received a petition for an advisory
265 opinion from Dr. Harvey Chin regarding the removal of buccal pad fat and whether or not it is permissible.
266 Dr. Johnson stated that he recommended only approving it for sinus purposes and not for esthetic purposes.
267 He noted further that it was not a common procedure, but recommended that Dr. Chin provide the board with
268 proof of adequate training. Mrs. Shaffer-Kugel inquired if the statute NRS 6321.215(a)(c) already permitted the
269 procedure, which she read into the record. She stated that the board could indicate that it may already be
270 addressed in statute under NRS 631.215(a)(c). Dr. Blasco called for a motion:
271

272 MOTION: Dr. Pisani moved that the Board not issue an advisory opinion since NRS 631.215 addressed the

285 license, as well as his decision to not be present at his hearing. She noted that he has paid all fees owed
286 to patients. Dr. Pisani inquired as to what drove Dr. Pinkus to now come before the Board. Dr. Pinkus stated
287 that he had left Nevada to practice in New York due to financial difficulty and that the New York Dental
288 Board inquired on the reason why his license was currently revoked in Nevada. He stated that he was now
289 in a position to rectify the matter and has now paid all fees and monies owed. Mrs. Shaffer-Kugel explained
290 that Dr. Pinkus could reinstate his license to an inactive status since he was not seeking an active license.
291 Dr. Sanders inquired further of Dr. Pinkus for the reason he now wanted to reinstate his license. Dr. Pinkus
292 stated that by clearing the issue with his license in Nevada he would be able to regain provider status with
293 insurances, as well as remove the negative affect of having the revocation reported to the National
294 Practitioners Data Bank. Mrs. Shaffer-Kugel explained what would happen if they reinstated his license.
295

296 MOTION: Dr. Pisani moved that the board reinstate Dr. Pinkus' license to inactive status as he has now

*f. Consideration of Application for Licensure by Endorsement - NRS 622/SB69 (For Possible Action)

- (1) Robert Dunham, DMD (Other Examination)

Dr. Blasco directed the Board's attention to Mrs. Shaffer-Kugel. Mrs. Shaffer-Kugel stated that the applicant applied under the recently passed SB69. She noted that historically a completed application is sent for review and approval to the Secretary/Treasurer, however, that any applicant that has taken a state exam will have to have their application come before the Board for official approval. She noted that Dr. Dunham took the Oregon state exam in 1978 but they no longer have the criteria of the exam from that year. She further noted that many states, Nevada included, do not maintain exam criteria after a certain period of time. She inquired of Dr. Dunham if he recalled what the clinical exam entailed. Dr. Pinther inquired also, if Dr. Dunham currently practiced in Oregon. Dr. Dunham stated that he retired upon the selling of the most recent practice he worked at in November 2015. He added that he did not want to practice full-time, and wanted to volunteer and be able to fill-in from time to time, but that in order to do so he needed to have an active license. Mrs. Shaffer-Kugel stated that the Board had to consider the intent of statute SB69, which was to ensure that an applicant was competent - and noted that Dr. Dunham had been licensed and practicing for over 40 years.
