BOARD OF DENTAL EXAMINERS NOTICE OF AGENDA & TELECONFERENCE MEETING

PUBLIC NOTICE:
The Nevada State Board of Dental Examiners may hold board meetings via video conference or telephone conference call. **Due to the Governor's Executive Order in response to the COVID-19 pandemic, the Board office will not be open to the general public for this meeting. The general public is encouraged to participate via teleconference**

Public Comment time is available after roll call (beginning of meeting) and prior to adjournment (end of meeting). Public Comment is limited to three (3) minutes for each individual. You may provide the Board with written comment to be added to the record.

Persons wishing to comment may appear at the scheduled meeting/hearing or may address their comments, data, views, arguments in written form to: Nevada State Board of Dental Examiners, 6010 S. Rainbow Blvd, A-1, Las Vegas, Nevada 89118; FAX number (702) 486-7046; e-mail address nsbde@nsbde.nv.gov. Written submissions should be received by the Board on or before Tuesday, April 28, 2020 by 5:00 p.m. in order to make copies available to members and the public.

The Nevada State Board of Dental Examiners may 1) address agenda items out of sequence to accommodate persons appearing before the Board or to aid the efficiency or effectiveness of the meeting; 2) combine items for consideration by the public body; 3) pull or remove items from the agenda at any time. The Board may convene in closed session to consider the character, alleged misconduct, professional competence or physical or mental health of a person. See NRS 241.030. Prior to the commencement and conclusion of a contested case or a quasi-judicial proceeding that may affect the due process rights of an individual the board may refuse to consider public comment. See NRS 233B.126.

Persons/facilities who want to be on the mailing list must submit a written request every six (6) months to the Nevada State Board of Dental Examiners at the address listed in the previous paragraph. With regard to any board meeting or telephone conference, it is possible that an amended agenda will be published adding new items to the original agenda. Amended Nevada notices will be posted in compliance with the Open Meeting Law.

We are pleased to make reasonable accommodations for members of the public who are disabled and wish to attend the meeting. If special arrangements for the meeting are necessary, please notify the Board, at (702) 486-7044, no later than 48 hours prior to the meeting. Requests for special arrangements made after this time frame cannot be guaranteed.

Pursuant to NRS 241.020(2) you may contact the Board office at (702) 486-7044, to request supporting materials for the public body or you may download the supporting materials for the public body from the Board's website at http://dental.nv.gov. In addition, the supporting materials for the public body are available at the Board's office located at 6010 S Rainbow Blvd, Ste. A-1, Las Vegas, Nevada.

Note: Asterisks (*) “For Possible Action” denotes items on which the Board may take action.
Note: Action by the Board on an item may be to approve, deny, amend, or table.

1. Call to Order
   Roll call/ Quorum

2. Public Comment: The public comment period is limited to matters specifically noticed on the agenda. No action may be taken upon the matter raised during public comment unless the matter itself has been specifically included on the agenda as an action item. Comments by the public may be limited to three minutes at a reasonable time, place and manner restriction, but may not be limited based upon viewpoint. The Chairperson may allow additional time at his/her discretion.
*3. President’s Report: (For Possible Action)
   *a. Request to remove agenda item(s) (For Possible Action)
   *b. Approve Agenda (For Possible Action)

*4. Consideration and approval/rejection of the recommendation from the Employment Committee to hire the applicant listed for the unclassified General Counsel Position and determine beginning salary (For Possible Action)
   a. Phil Su, Esq.

*5. Consideration and approval/rejection of the recommendation from the Continuing Education Committee to approve the applications for Injection of Neuromodulators, Dermal and Soft Tissue Filler Programs – NAC 631.257 (For Possible Action)
   a. Pacific Training Institute for Facial Aesthetics – Levels 1, Level 2 & Level 4 Program (72 units)

Subject: General Counsel- Nevada Board of Dental Examiners, Attn: Dr. David Lee (Employment Committee Chair)

Dear Dr. Lee,

As a seasoned litigator with substantial broad-based civil litigation experience, I respectfully submit my resume for your consideration for the general counsel position with the Nevada State Board of Dental Examiners.

I possess extensive experience with all aspects of civil litigation in both state and federal venues, and have managed litigation caseloads in fields ranging from general and professional liability to employment law and commercial litigation. I have handled all phases of litigation, from pre-litigation negotiations and discovery, through trial and, when necessary, appeals. I have successfully tried several cases to verdict, both as co- and lead counsel, and have brought numerous cases to resolution through arbitration and mediation. I also possess experience drafting all varieties of motions, including successful motions for summary judgment and dismissal.

I take great pride in providing my clients with timely, strategic advice; zealous representation; and consistently outstanding work product. I believe my broad experience and willingness to tackle difficult challenges with effective solutions will allow me to serve as an immediate asset to the Board and its members. I look forward to discussing this opportunity, and my qualifications, with you in further detail.

Thank you for your consideration.

Sincerely,

Phil W. Su

- California #254626 (November 2007)
- North Carolina #45016 (April 2012)
- Oregon #180081 (January 2018)

EMPLOYMENT HISTORY

CORBRIDGE LAW OFFICES || Hillsboro, OR
Attorney: June 2019 through February 2020
- Handled all day-to-day aspects of firm’s personal injury practice, including client intake; pleadings and motions; written discovery and depositions; and trial strategy and preparation.

LEWIS BRISBOIS BISGAARD & SMITH || Portland, OR
Associate Attorney, General Liability; October 2018 through March 2019
- Handled all day-to-day aspects of a variety of general liability matters in active litigation
- Represented independent contractor-drivers on behalf of major ride-sharing service company
- Investigated and conducted examinations under oath for first-party fire and theft loss claims

GEICO STAFF COUNSEL OFFICE || Portland, OR
Attorney II; April 2018 through October 2018
- As in-house senior staff counsel, managed significant caseload of automobile bodily injury claims
- Defended first-party PIP/UM/UIM claims subject to binding arbitration proceedings
- Resolved over three dozen cases by arbitration/mediation
- *McCombs v Gallegos* (Wash. Co. Cir. Ct.): First-chaired 12-person jury trial involving t-bone automobile accident at multi-lane intersection in an admitted liability case. Plaintiff amended prayer for damages on first day of trial, thereby creating risk of exposure in excess of policy limits. By drawing attention to critical causation evidence, obtained verdict well within policy limits.

GORDON REES SCULLY MANSHKANI LLP || Las Vegas, NV
Associate Attorney, Commercial Litigation; April 2016 through October 2017
- Commercial litigation practice, encompassing practice areas from construction defect to ERISA benefits claims
- Defended homeowners’ associations in wrongful foreclosure litigation filed under Nevada Rev. Stat. § 116.3116
- *Custom Estates, LLC, et. al v. Silverstone Ranch Community Assn.* (Eighth Dist., NV): Defended one of Nevada’s largest community associations against multi-million dollar class action lawsuit. Successfully defeated plaintiff’s motion for summary judgment while also posturing matter for future defense summary judgment motion, thereby paving the way for global settlement of entire matter for a small fraction of potential trial exposure.
WINNER & SHERROD || Las Vegas, NV
Associate Attorney; August 2013 through March 2016
- Handled all day-to-day aspects of large caseload of automobile bodily injury and premises liability claims
- Represented clients in insurance coverage matters, from researching and drafting advisory letters regarding coverage and claims handling, to defending clients from “bad faith” and extra-contractual claims
- Nev. Cap. Ins. Co. v. Farmers Ins. Exch.: Underlying matter involved an on-the-job automobile accident. Defended personal automobile insurer from seven-figure damage claims raised by commercial general liability insurer. Personally managed extensive and contentious discovery phase, including protective orders, then drafted successful motion for summary judgment asserting that both insurers were co-primary based on mutually-repugnant “other-insurance” clauses, leading to summary dismissal of entire suit.

BARONE LAW OFFICES, P.C. || Mooresville, NC
Attorney; June 2012 through July 2013
- Represented clients in litigation and administrative matters ranging from employment/wrongful termination claims to FINRA arbitration
- Medlin v. Citizens South Bank (Iredell Co.): Secured substantial recovery on behalf of client homeowners against bank for wrongfully “trashing-out” client’s misidentified home
- Pleasants v. Bank of America: Obtained full recovery in FINRA arbitration on behalf of client against consumer bank, who improperly accepted ex-husband’s signature for unauthorized withdrawals from retirement accounts.

MEGACARE, INC. || Las Vegas, NV
Legal Consultant; November 2011 through July 2013
- Provided legal counsel to supplement manufacturer on matters including trademark and licensing, HR and employment, and FDA regulations compliance
- Developed company’s compliance strategy for the Dietary Supplement Health & Education Act (DSHEA)
- Drafted and negotiated service and vendor agreements; advised leadership in contract renewal negotiations
- Selected and supervised outside counsel to defend company against trademark infringement claims

HALL, JAFFE & CLAYTON, LLP || Las Vegas, NV
Associate Attorney; October 2007 through November 2011
- Represented clients across broad range of personal and commercial litigation matters, including automobile, premises liability and negligent security claims, and employment litigation
- Handled day-to-day aspects of assigned litigation, including discovery, depositions, motions, trial and appeals

CIVIC INVOLVEMENT
- Legal Aid Center of Southern Nevada, Ask-A-Lawyer Self Help Program
- San Bernardino County Guardianship Assistance Program
- The Adoption Exchange, Las Vegas Chapter

No Disciplinary Sanctions for this Member

Sanction Definitions

Reprimand: A form of disciplinary action that declares a lawyer's conduct to be improper, but does not restrict or limit the lawyer's ability to practice law, usually because the misconduct is not particularly aggravated or serious.

Suspension: A form of disciplinary action that prohibits a lawyer from practicing law for a period of time. The length of suspension may range from 30 days to five years, depending on the nature of the lawyer's misconduct.

Probation: In some cases, a lawyer whose record warrants a disciplinary action may be placed on probation as a condition of continued practice.

CONTINUING EDUCATION PROVIDER APPROVAL REQUEST
SUBMISSION GUIDELINES

Please comply with the following:

I certify that continuing education courses granted Board approval will be conducted as education programs and meet the following minimum requirements:

1) That instruction shall be conducted on the same educational standards of scholarship and teaching as that required of a true university discipline.

2) The course or topic of instruction shall conform to the purpose and method of higher education.

3) The provider of a course of study or topic of conversation shall be able to demonstrate to the Board that an opportunity to enroll in such courses of study is available to ALL dental and dental hygiene licensees.

Home study and/or correspondence courses must submit with this application all study manuals, worksheets, audio and video cassettes used in the completion of the course. The Nevada State Board of Dental Examiners reserves the right to monitor any and all courses being conducted by an approved provider of continuing education.

In accordance with Nevada Administrative Code (NAC) 631.177(2), each approved continuing education provider must furnish a certificate of completion to all Nevada dental and dental hygiene licensees who complete the course. The records concerning Nevada dental and dental hygiene licensees must be kept on file by the provider for a period of at least three (3) years.

FEE (FOR "FOR PROFIT" ORGANIZATIONS): $150.00 FOR THE FIRST CREDIT HOUR REQUESTED, $50.00 FOR EACH ADDITIONAL CREDIT HOUR. THIS FEE IS FOR THE PROCESSING AND REVIEW OF YOUR REQUEST FOR PROVIDER APPROVAL AND MUST ACCOMPANY THIS FORM UPON SUBMISSION OF THE REQUEST.

ALL PROVIDER APPROVAL REQUESTS MUST BE SUBMITTED TO THE BOARD FOR REVIEW NO LATER THAN 45 DAYS PRIOR TO THE BEGINNING DATE OF THE COURSE.

Discussion and possible recommendation regarding extension of CPR certification
March 31, 2020

Purpose: To provide additional flexibility for providers, AHA Instructors, and Instructor candidates during the COVID-19 pandemic. NOTE: This guidance on card extensions supersedes the guidance outlined in the March 13, 2020, document, “Interim Guidance on Extensions for AHA Instructor & Provider Cards during COVID-19 Outbreak.”

AHA Instructor and Provider Card Extensions

Per the statement regarding further extensions of AHA course completion cards beyond 60 days past the recommended renewal day (in interim guidance released on March 13, 2020), and given the ongoing threat of exposure to COVID-19, with many communities under shelter in place orders to minimize the spread of the disease, the AHA is extending AHA Instructor and Provider Course Completion Cards for 120 days beyond their recommended renewal date, beginning with cards that expire in March 2020.

Please see the AHA’s guidance below, and disseminate to anyone who has a business need for this information (e.g., students, employers, medical or safety regulators, etc.).

For Instructor Cards expiring beginning in March 2020:

- AHA Instructor cards will be valid for 120 days beyond their recommended renewal date.
- Instructor candidates will also have 10 months from the completion of their Instructor course to complete monitoring.
- Management of this extension, and any record-keeping, will be the responsibility of the Training Center.

For AHA Provider Cards expiring beginning in March 2020:

- AHA Provider Cards will be valid for 120 days beyond their recommended renewal date.
- Management of this extension, and any record-keeping, will be the responsibility of the Training Center.

AHA Policy on Expired Cards for Update/Renewal Courses:

- Over the next 120 days, for providers whose cards have expired due to inability to complete training during the COVID-19 outbreak, the AHA will allow Instructors to provide remediation during update courses.
PUBLIC COMMENT
MEMORANDUM

RE: Transition recommendations post-COVID-19 for Orthodontic offices

TO: Nevada State Board of Dental Examiners
6010 S. Rainbow Blvd. #1
Las Vegas, NV 89118

In an effort to proactively plan for the upcoming transition period where orthodontic offices begin to provide non-emergency services to patients, the following recommendations are provided, that will allow patients’ orthodontic needs to be met, while also minimizing risk of COVID-19 transmission. The goal here is to identify guidelines specific to orthodontic offices, as orthodontic care is qualitatively different from other dental specialties; hence, guidelines and restrictions placed on dental offices should be specific to their specialty area.

Most importantly, procedures in orthodontic offices can be performed, almost exclusively, without aerosolizing equipment. Secondly, orthodontic procedures are less invasive than those found in other dental offices. Third, orthodontic offices have rescheduled almost their entire patient caseload during this COVID-19 outbreak, however, given the amount of time passed, orthodontists cannot continue to extend patients who may then develop adverse or permanent medical consequences from spring-loaded devices and mechanical pressure in their mouth and jaw areas. These negative health consequences may include creating infection from wires left in too long and improper movement of jaw and TMJ areas into painful and clinically problematic locations. To that end, over time, orthodontic patients are becoming increasingly medically necessary to treat, and offices must adjust their procedures to begin to see patients while minimizing risk of COVID-19 transmission.

Foremost, dental training always has prioritized safety and minimization of infection transmission, given the unique nature of working in the mouth. We should assume any patient that enters a dental office may have transmissible diseases, such as HIV, H1N1, and tuberculosis, just as we should assume any person who enters our office could have exposure to COVID-19. With the application of specific social distancing and infection control procedures during this interim period, there is reason to believe that infection transmission can be safely minimized, particularly for orthodontic offices.
The following represents our opinions on guidelines that should be applied to orthodontic offices in this interim transition back to a new normal. They are based on guidelines provided by the American Association of Orthodontics (AAO), the American Dental Association (ADA), as well as recent CDC and OSHA updates.

Foremost, orthodontists must continue to utilize deeply-engrained infection control programs of universal precautions, which already exist in every dental and specialty office. These include extensive sterilization procedures and the use of PPE. In the interim transition period for the COVID-19 outbreak, it is recommended that, when able, orthodontist offices include the following additional interim measures:

1. Orthodontic offices should not use aerosolizing instruments during this interim period, where at all possible. If necessary to perform these procedures, orthodontists should follow all guidelines for aerosolizing procedures as outlined by the Nevada State Board of Dental Examiners.

2. Orthodontic offices should continue to employ social distancing. Waiting rooms should be closed off. Entrance to the office should be restricted to patients only, excepting the cases of young minors or special-needs patients. No-touch check-in procedures should be utilized, including use of text messaging or phone calls to alert patients to enter the office. Payments and office paperwork should be taken over the phone or internet, where possible. Patients should be scheduled using a staggered patient flow.

3. Patients should be pre-screened prior to their appointment for COVID-19 status, illness symptoms, exposure, and travel. Patients with any concerns or increased risks should be rescheduled.

4. All staff and patients will have their temperature checked upon entering the office, and anyone with an elevated temperature will be sent home and rescheduled. Additionally, all patients will be required to disinfect their hands upon arrival and exit from the orthodontic office, and they will be required to use a clinical mouth rinse, pre- and post-treatment.

5. Staff must wear the highest level of available PPE, at all times in the office, including masks, gloves, and when available, face shields. Staff must be trained on the ADA and AAO interim guidelines for reducing the transmission of COVID-19. Staff will remove soiled scrubs and change into personal clothing upon leaving the office to return to home and community settings.

6. Bathrooms, doorknobs, and dental office surfaces will be cleaned multiple times per day.

7. At-risk patients (such as for older age, immune compromised, and/or positive COVID risk status) should be rescheduled during this interim period. If they must be seen,
at-risk patients should be treated in a separate room from the general patient population.

8. Use of extraoral radiographs should be used in the orthodontic offices, when possible, and intraoral device use should be minimized or eliminated during this interim transition period.

9. Patients with spring-loaded or other pressure-related orthodontic devices should be monitored carefully, as should any patient with complaints of pain from poking wires or swelling, so as to reduce risk of infection.

10. Debonding procedures, should use non-aerosol methods such as hand scratching glue removal instrument.

11. If an orthodontist goes into a general dentist office to provide orthodontic treatment, they must follow the safety procedures outlined for that general dentist office, as designated by the Nevada Board of Dental Examiners.

If you would like for us to create a task-force for Nevada orthodontic office response to the COVID-19 outbreak, we are happy to serve. Please let us know.

Signed,

Blaine Hansen – President, Nevada State Society of Orthodontist
Arnie Pitts – Immediate Past President, Nevada State Society of Orthodontists
Mark Handelin – Treasurer, Nevada State Society of Orthodontists
Frank Beglin – Council of Government Affairs, American Association of Orthodontists
John Griffiths – Council on Orthodontic Practice, American Association of Orthodontists
Jahnavi Rao – Delegate, American Association of Orthodontists
Adam Welmerink – Director, Pacific Coast Society of Orthodontists
Meagan Struby – Member at Large, Northern Nevada Dental Society
Andrew Leland – New and Younger Member Chair, Northern Nevada Dental Society

Nevada Orthodontists Who Also Signed
Dr. Mark Truman

NSBDE
Dear members of the NSBDE,

I would like to submit the following to be added as consideration for the upcoming board meeting on Thursday April 30th.

Following guidelines from the NSBDE our dental office has been closed to any non emergency dental treatment since March 17th. During this time I have made myself available to discuss dental needs of my patients through phone calls and have mitigated any true dental emergencies necessitating me to see a patient in our office. Overall oral health is being neglected during this time for the greater good of our community, but I am very concerned about how this neglect will affect my patient’s systemic wellbeing. I have a patient who requires implants on 8 & 9 and is not in pain, so we have paused her treatment. Her mental health is declining at an alarming rate. I have multiple patients with small carious lesions that were diagnosed in January/February and were scheduled for treatment. Now these small lesions will require destruction of previous healthy tooth structure. These small lesions, as you all know, will only grow and by remaining closed to non-emergency treatment we are committing to allowing decay to grow. Periodontitis if left untreated through missed cleanings will increase our patient’s risk of heart disease.

We have implemented many infection control procedures to our office to encourage social distancing. We will not be using our waiting room and instead have all patients wait in their vehicles prior to their appointment. When their room is ready we will bring them back. For the safety of my staff and patients we are installing HEPA air purifiers in every operatory. NASA conducted a study that showed these purifiers can remove particles less than .1 microns. COVID-19 measures at .125 microns.

Our remaining infection control procedures will continue (gowns, face shields, masks, cavicide, barriers wherever possible) to allow a safe environment for all who enter our office.

I pride myself and our profession in serving the greater good of our community. If we continue to remain closed we will be doing a disservice to our patients in need.

Thank you for your time, consideration, and effort to do what is best for Nevada,

Erin Anderson D.M.D.
As the UNLV chapter of the American Student Dental Association (ASDA), a student-run organization that represents the rights, interests and welfare of 22,000 dental students across the country, we urge you to change the requirements for initial dental licensure. Currently there are 76 dental school graduates in Nevada that cannot get licensed.

Dental students are required to take an exam that involves performing procedures on patients. As a result of dental school clinic closures due to COVID-19, students are unable to take the exam.

We are asking you to change licensure requirements now to allow for the following exams to be accepted as new alternatives to current licensure requirements.

- Dental Licensure Objective Structured Clinical Exam (DLOSCE). This exam will be released on June 15 and will be administered by the Joint Commission on National Dental Examinations (JCNDE). The DLOSCE is a high-stakes licensure examination consisting of multiple, standardized stations, each of which will require candidates to use their clinical skills to successfully complete one or more dental problem solving tasks without performing procedures on a patient.
- American Board of Dental Examiners (ADEX) CompeDont DTX. It is a non-patient-based restorative examination that utilizes the CompeDont™ DTX, a new manikin tooth technology developed by the CDCA and Acadental, Inc.
- Western Regional Examining Board (WREB) manikin simulation exam.
- ASDA recommends the manikin-based alternatives are adopted in lieu of the patient based restorative and periodontal (if required in your state) portions.

Recent dental school graduates can play a critical role in helping address the wide-ranging impacts of COVID-19. They cannot do this without licenses.

We urge you to make these changes now to expedite the licensing process for 2020 graduates and ensure they can begin serving communities as soon as possible.

Regards,

Charles Buchanan, ASDA District 10 Trustee
UNLV School of Dental Medicine, Class of 2021
