## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Nevada State Board of Dental Examiners' (Board) annual financial report presents our discussion and analysis of the Board's financial activities during the fiscal year then ended June 30, 2013. Please read it in conjunction with the Board's financial statements which begin immediately following management's discussion and analysis.

### FINANCIAL HIGHLIGHTS

- The Board's assets exceeded its liabilities by \$660,580 (net assets) for the fiscal year reported. The comparison with last year shows a decrease of 10% when assets exceeded liabilities by \$731,824.
- Total assets include cash, accounts receivable, certificates of deposit, deposits, and prepaid expenses which represents an increase of 17%.
- Total liabilities, which include deferred revenue of the Board, increased by 39% from \$885,634 to \$1,231,045
- Total net assets are comprised of the following:
  1. Unrestricted net assets of \$660,580 represent the portion available to maintain the Board's continuing obligations and operations.
- Operating expenses were \$1,024,945 during the current year.

### Overview of the Financial Statements

The annual report consists of three parts - *management's discussion and analysis* (this section), the *basic financial statements* and *notes to the financial statements* which explain some of the information in the financial statements and provide more detailed data.

### Board's Financial Statements

The financial report of the general fund uses a reporting method similar to those used by private-sector companies' accrual basis accounting.

The first statement of the basic financial statement is the Balance Sheet. This statement includes all of the Board's assets and liabilities with the difference reported as Fund Balance. Over time, increases or decreases in the Board's Fund Balance are an indicator of whether its financial health is improving or deteriorating, respectively.

The second statement is the Statement of Revenues, Expenses and Fund Balance which reports how the Board's Fund Balance changed during the current fiscal year. Current year revenues are the result of the recognition of previously received cash from licensing activities as well as exam fees, user fees and charges, and interest income. Expenses are included regardless of when they are paid for in cash. The design of the statement of revenues, expenses and fund balance is intended to show the financial reliance of the Board's activities on revenues generated by the licensing process.

The third statement, Statement of Cash Flows, summarizes the changes in cash balances by category. These changes are derived from the collection of cash receipts and disbursement of cash payments.

The Board's financial statements reflect operations that are primarily supported by business-type activities intended to recover all or a significant portion of their costs through licensing fees and charges. Board activities include the regulation and licensing of dentists and dental hygienists.

### Financial Analysis of the Board as a Whole

By accumulating year-to-year financial information, changes in fund balances may be observed and used to discuss the changing financial position of the Board as a whole.

Net assets at fiscal year-end are \$660,580 which is a decrease of \$71,244 from last year's net assets of \$731,824. The following table provides a summary of the Board's net assets:

<u>Summary of Net Assets</u>				
	<u>2013</u>	<u>2012</u>	<u>Amount Change</u>	<u>% Change</u>
Current and other assets	\$ 1,891,625	\$ 1,617,458	\$ 274,167	17%
Total assets	1,891,625	1,617,458	274,167	17%
Current liabilities	<u>1,231,045</u>	<u>885,634</u>	<u>345,411</u>	<u>39%</u>

Total net assets	<u>\$ 660,580</u>	<u>\$ 731,824</u>	<u>\$ (71,244)</u>	<u>(10%)</u>

For the fiscal year ending June 30, 2013, the Board experienced a decrease in total revenue from \$972,427 in the prior year to \$953,701. This decrease was due in part to discounts for early renewal of licenses, a decrease in licensees and decrease in interest income.

Comparative data is presented below to assist in the analysis of the Board's change in net assets:

<u>Summary of Changes in Net Assets</u>				
	<u>2013</u>	<u>2012</u>	<u>Amount Change</u>	<u>% Change</u>

## **Financial Analysis of the Board's Funds**

As the Board completed the year, its general funds (as presented in the balance sheet on page 5) reported a fund balance of \$660,580 which includes applications for licensing of dentists and dental hygienists and receipt of other required fees.

### **Capital Assets**

The Board's purchases of capital assets include computer hardware, communication equipment, and office equipment. In accordance with its charter, the Board does not maintain ownership of the assets but they immediately become the property of the State of Nevada. As such, purchases of capital assets are accounted for in the statement of revenues, expenses and fund balance under the account "Equipment". Purchases for the fiscal year ended June 30, 2013 were \$18,707.

### **Economic Factors and Next Year's Budgets and Rates**

The Board decreased its revenue budget for FY2014 over the FY2013 budget to better align with actual income plus 11%. The Board increased wage/benefit and professional fee expenses for FY2014 anticipating an increase in personnel and legal services to manage increased investigations, legal costs, and general costs of doing business. The Board has not increased licensing fees at this time but has maintained cost allocation and recovery for regulatory enforcement. The Board has continued to manage negotiated leases, travel expenses, collaboration with other boards for expense savings, and other cost saving measures.

The Board has maintained a modest reserve account for legal and disciplinary processing and prosecution as well as unanticipated legal contingencies; however there was an increase in hearings and inability of disciplined licensees to pay ordered costs. The number of investigations, hearings, and prosecutions has once again increased in addition to more involved litigious issues associated with the investigations and hearings and the ongoing monitoring associated with compliance in stipulation orders.

Biennial renewal for all unrestricted licensees of dentistry and dental hygiene continues. Biennial renewal requires close budgetary monitoring and accumulated funds management. Ongoing efforts to modernize and improve technical communications continues in FY2014 with website re-development, ongoing identity verification, archival of existing file data, online renewal along with a disciplinary tracking system for monitoring all investigations and stipulation agreements, on-line jurisprudence examination for all applicants/licensees and continued development of the licensing system. Online address change capabilities are available to all licensees. Online disciplinary actions associated with licensees is also available with a link to the actual order of the Board describing circumstances resulting in a stipulation agreement through the licensee search and verification on Board's website.

## NOTES TO THE FINANCIAL STATEMENTS

### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### NATURE OF ACTIVITIES

Nevada State Board of Dental Examiners (the Board) is the licensing and regulatory agency for dentists and dental hygienists in the State of Nevada. The Board was created and is regulated by the Nevada Revised Statutes. The Board is a special revenue fund of the State of Nevada that is used to account for the proceeds of licensing and examination fees that are legally restricted to expenditures for specified purposes. The Board is required to comply with budgeting and reporting requirements in the same manner as other state agencies.

#### BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. This method provides for recognizing expenditures at the time the related liabilities are incurred, while revenues are recorded when earned, measurable and available to finance expenditures of the fiscal period.

#### PROPERTY AND EQUIPMENT

The property and equipment of the Board is considered to be general property and equipment of the State of Nevada and, therefore, is not reflected in this balance sheet. Equipment purchases of the Board are charged to expenditures at the time of acquisition.

#### STATEMENT OF CASH FLOWS

For purposes of the statement of cash flows, the Board considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

#### INCOME TAXES

The Board is a public agency and is not subject to Federal Income taxes under Code Section 115(7), 1454.R.C.

#### DEFERRED REVENUE

By provision of statute, the Board administers its licensing registration on a biennial basis with offsetting years between the dentists and hygienists. Deferred revenue consists of license fees that are collected prior to July 1 for the ensuing year. At June 30, 2013, deferred revenue consists of two years collected fees for the dentists and one year for the hygienists. License fees are the Board's primary source of revenue.

#### ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### NOTE 2 - CASH DEPOSITS IN EXCESS OF INSURED LIMITS

The Board maintains cash balances in several financial institutions. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Board also maintains cash reserves in government securities, which are backed by the full faith and credit of the United States Government. At June 30, 2013, \$670,942 was uninsured, which includes \$399,977 invested in government securities.
