If you are renewing in an **active status** beginning July 1, 2021, you are required to complete ALL SECTIONS of the renewal form including, Nevada Business License, CPR Certification, Military Service, Continuing Education, Dental Auxiliaries (all dentists, specialists and limited licensed dentists) and Affidavit. INACTIVE, RETIRED OR DISABLED STATUS

If you are renewing in an **inactive or retired or disabled status** beginning July 1, 2021, you are required to complete ALL SECTIONS of the renewal form including, Nevada Business License, Military Service and Affidavit. Refer to the individual sections below for an explanation of your answer options.

STATUS CHANGE

If you hold an **ACTIVE** license for the period of July 1, 2019 through June 30, 2021 and wish to change your licensure status to **INACTIVE, RETIRED or DISABLED** you may proceed with your renewal through the **ONLINE RENEWAL PORTAL**. Please make the appropriate change when selecting the "status type". However, if you hold a license in inactive, retired or disabled status and wish to change your status to **ACTIVE**, you may not change your licensure status through the renewal process. You will need to renew at the current status (inactive, retired or disabled) and file a separate paper application for the reactivation of your license. The reactivation application may be downloaded from the Board's website at www.dental.nv.gov.

If you are changing your license status to inactive, retired or disabled but hold an active license for the period of July 1, 2019 through June 30, 2021, you must comply with the CE requirement and retain your certificates for 3 years. Continuing education hours are not required once your license status has renewed (changed) to inactive, retired or disabled status (effective July 1st), but are required during the period you held the active license. Please contact the Board office if you have questions regarding this statutory requirement.

ADDRESS SECTIONS

HOME AND OFFICE ADDRESSES

You are required to update your current addresses pursuant to NAC 631.150. Your current home address is pre-populated. Changes that need to be made (new address, phone number, etc.) may be updated directly over the incorrect information. The system will save the updated information at the time the renewal is processed. Your current office addresses will appear in a table. Should any additions (i.e.-office name, office telephone, etc.) be needed, you must click the pencil icon to edit the information. Should an address no longer be current for you (i.e.-office is now a previous employer), you must click the trashcan icon to delete the information from your renewal. If you need to add a practice location, click the 'Add Office Address' button. Whether you have one (1) or multiple practice locations, the system will require you to select one (1) of the locations as a **PRIMARY** office address (check box). Once all addresses are correct/current, the system will require you to select whether you want your residence address or primary office address as your correspondence (mailing) address (check box). The Board no longer maintains mailing addresses on file.

NEVADA BUSINESS LICENSE

This section **MUST BE COMPLETED**, regardless of whether or not you hold a Nevada business license. The Nevada State Controller's Office requires the Nevada State Board of Dental Examiners to collect and report business license information. Select the applicable answer to your situation. If you hold a Nevada business license, you are required to submit the business license number, the business name and address assigned to that specific business license. The business license number is NOT your dental license number. It is the business license number assigned to you by the Secretary of State.

MILITARY SERVICE

This section **MUST BE COMPLETED**, regardless of whether or not you have served in the military. All four (4) questions **MUST BE ANSWERED**, including the supplemental branch information (service dates, military occupation and branch name). It is recommended for you to have your military information readily available to proceed with licensure renewal. The Nevada Department of Veteran's Affairs requires the Nevada State Board of Dental Examiners collect and report military service information.

Any course of instruction taken for required CPR certification must be taught by a certified instructor (live-instruction). Credits earned for CPR are specifically excluded from the number of hours of continuing education required for license renewal (Nevada Administrative Code 631.173, subsection 3). Online certification/recertification will NOT be accepted. You must retain a copy of your certification for three (3) years as it will be subject to audit pursuant to Nevada Administrative Code 631.177.

Regardless of the renewal method you choose (online/ paper), **you will need the following information for reporting/certifying** each auxiliary staff member who assists with the above referenced procedures:

Employee Name

Title

Date Began Assisting

Those employed by the University and Community College System of Nevada must identify dental assistants they delegate these duties to pursuant to NAC 631.220 working under their supervision. Written notification from an educational facility listing all such auxiliaries will be accepted. Please note on any paper renewal form if a letter is to be submitted or is on file with the Board office.

ANESTHESIA RENEWAL

For those licensees who currently hold a general anesthesia, moderate sedation, or pediatric moderate sedation, or site permit for the administration of general anesthesia, moderate sedation or pediatric moderate sedation, this section must be completed and renewal fees paid. Your administrator permit fee (if you have such) is a fee of \$200.00 biennial. If you have site permit(s), the site permit fee for each location is \$200.00 each (biennial). Your permits renew in the same manner as the license you have been issued. (Example: you have 1 administrator [MS, PMS or GA] permit and 1 office location registered. You will pay a total of \$400.00 to renew both permits - \$200 for one site/one administrator for 2 years.) The online renewal portal should note the type and number of permits we have registered for you. You will select all the permits you wish to renew. Any permits not selected and renewed will automatically expire June 30, 2021. When renewing on paper form, you will be required to submit the permit information for all the permits you wish to renew. If you believe there is an error or need further assistance, please contact the Board office immediately.

For those holding an anesthesia permit for the administration of moderate sedation, pediatric moderate sedation or general anesthesia, you must provide valid dates of current certification of ACLS and/or PALS as applicable.
