Dear Licensees,

Please be aware that scammers are currently targeting professional licensees in Nevada, including dentists and dental hygienists. The caller generally pretends to be a Board investigator claiming that the target's license has been involved in illegal activity. The Board's name and number may even appear on the Caller ID.

NSBDE staff will never contact you in this manner with verbal demands for sensitive information. **Do not give callers your personal data or send money.** Payments to the Board can only be made by logging in to our website or by mailing payment directly to our office, never by providing financial information over the phone. If contacting the office to confirm any calls you received, use only the contact information listed on our website. You can also verify your license status on our licensee search page.

If you or a staff member receives one of these calls, hang up immediately and report it to the Nevada Office of the Attorney General.

Respectfully,

A handwritten signature in blue ink, appearing to read "C. Bateman", is written over a faint circular stamp.

Christopher B. Bateman, MBA

Executive Director
