Mrs. Shaffer-Kugel stated that on December 13, 2013 a workshop was held to review of the administrative codes. This is the second public workshop to request comment and consideration of recommendations from the Legislative and Dental Practice Act Resource Group. Ms. Shaffer-Kugel noted to the Board pursuant to state law the Board must review the regulations every ten (10) years. The Board has reviewed all regulations with the exception of anesthesia due to the statutory change required before amending any anesthesia regulation. In addition, Ms. Shaffer-Kugel indicated a submission from the Nevada Dental Association with recommendation to amend NAC 631.260 regarding dental assistants. Mrs. Shaffer-Kugel went through each recommendation and repeals of all regulations reviewed (attached for the record).

Mrs. Shaffer-Kugel discussed NAC 631.029 regarding fee changes and the repeal of fees. Dr. Miller stated that he agreed with the fees, and that the fees need to be increased to allow for the Board to break even. He added, however, that the site permit inspection requires one evaluator only, therefore, suggested that perhaps only increasing the fee to five-hundred dollars (\$500). Mrs. Wark inquired on what the average cost is for each type of inspection. Mrs. Shaffer-Kugel noted to her that there has been a request from the anesthesia evaluators to receive a pay increase, thus the increase in fees will also allow for the evaluators to be granted a greater compensation. She noted to the Board that the recommended fee changes are the current statute maximum. Any changes to the maximum would require a statute change. Dr. Miller suggested increasing the fee to five-hundred dollars (\$500) for the site permit application, until the Board can show what it costs the Board to conduct an inspection.

MOTION: (NAC 631.029) Dr. Miller made the motion to raise the site permit application fee be raised from \$350 to \$500. The motion was seconded by Dr. Pisani. Discussion: Mrs. Villigan inquired of Mrs. Hummel, based on her evaluation of the Board budget, if the increase to \$500 is reasonable? Mrs. Hummel indicated that the Board was taking a big loss, therefore, yes, an increase is needed. She added that she will be happy to go back and do an analysis to see how the change in fees would affect the Board. Dr. Sill indicated that with the evaluators wanting an increase in pay, the increase in application fees needs to be able to cover the Board expenses. All were in favor of the motion; Mrs. Wark was not in favor of the motion.

(NAC 631.029) → Dr. Miller suggested that fee for the Biennial permit to administer general anesthesia, conscious sedation, or deep sedation, be changed from \$300 to \$200. Mrs. Shaffer-Kugel noted to the Board that to get permitted through the health bureau, it costs thousands of dollars, the Boards' fee is a huge costs savings to the licensees in comparison.

MOTION: Dr. Miller made the motion to change the application fee for an administration permit from \$300 to \$200. The motion was second by Dr. Sill. All were in favor of the motion.

Dr. Miller noted to the Board that the statutes does not address a fee for the infection control inspections, and therefore, suggested adding a fee for initial inspections of new offices so that the Board does not continue to incur the expenses for these inspections.

MOTION: Dr. Pinther made the motion to accept the recommended fee changes and both motion changes. The motion was seconded by Mrs. Villigan. All were in favor of the motion.

NAC 631.031 – Mrs. Shaffer-Kugel indicated that the committee recommended repealing this regulation because the Secretary/Treasurer reviews the applications, thus, making the regulation unnecessary.

MOTION: Mrs. Villigan made the motion to repeal the regulation. The motion was seconded by Dr. Blasco. All were in favor of the motion.

NAC 631.039 – Mrs. Shaffer-Kugel indicated that this regulation was no longer valid because temporary licensure was no longer an option since it was sunsetted in 2006.

MOTION: Dr. Blasco made the motion to repeal the regulation. The motion was seconded by Dr. Pisani. All were in favor of the motion.

NAC 631.045 – Mrs. Shaffer-Kugel indicated that the legislature is taking another approach to control the abuse for controlled substances. She indicated that this regulation would require that every dentist attest on their renewal requiring dentist to run a minimum of one self query annually to review their prescription history to check for any potential fraud. She noted that this regulation would only be applicable for those who hold a controlled substance permit through the Nevada State Board of Pharmacy. Mr. Hunt indicated to the Board that the Attorney General may make this a statewide statute, due of the issues prescription abuse and fraud has recently drawn. Dr. Kinard noted that there will be a link on the Board website where dentists will be able to run their reports. Mrs. Shaffer reiterated that on their renewals dentist will attest that they have a run a report at least once annually for each biennial renewal period.

MOTION: Dr. Pinther made the motion to recommend approval of this regulation. The motion was seconded by Dr. Blasco. All were in favor of the motion.

NAC 631.060 – Mrs. Shaffer-Kugel indicated that this regulation would require that an applicant who has been denied licensure to petition the Board for permission to reapply. Mr. Hunt indicated that this regulation would require an unnecessary step for applicants.

MOTION: Mrs. Solie made the motion to accept to repeal this regulation. The motion was seconded by Dr. Pinther. All were in favor of the motion.

NAC 631.080 – Mrs. Shaffer-Kugel indicated that this regulation was regarding examinations and cheating

170 prohibitions, however, the Board no longer administers an exam.  
171  
172 MOTION: Mrs. Solie made the motion to repeal this regulation. The motion was seconded by Dr. Pinther.  
173 All were in favor of the motion.  
174  
175 NAC 631.100 – Mrs. Shaffer-Kugel indicated that this regulation was regarding an exam to practice dental  
176 hygiene; however, the Board no longer administers an exam.  
177  
178 MOTION: Dr. Pinther made the motion to repeal. The motion was seconded by Mrs. Wark. All were in favor  
179 of the motion.  
180  
181 NAC 631.120 – Mrs. Shaffer-Kugel indicated that this regulation listed the procedures for an exam; the  
182 Board no longer administers an exam.  
183  
184 MOTION: Dr. Blasco made the motion to repeal the regulation. The motion was seconded by Dr. Pisani. All  
185 were in favor of the motion.  
186  
187 NAC 631.130 – Mrs. Shaffer-Kugel indicated that this regulation was exam related, which is now moot.  
188  
189 MOTION: Dr. Pinther made the motion to repeal the regulation. The motion was seconded by Mrs. Guillen.  
190 All were in favor of the motion.  
191  
192 NAC 631.145 – Mrs. Shaffer-Kugel indicated that in the last legislative session there was a statute change  
193 allowing for Public Health Endorsement (PHE) holders to renew their endorsements biennially in  
194 conjunction with their license renewal. Mrs. Solie suggested, perhaps, making an editorial change to  
195 remove the phrase "in the prior year" regarding PHE reports.  
196  
197 MOTION: Dr. Pinther made the motion to approve the regulation with the recommended language change.  
198 The motion was seconded by Mrs. Solie. All were in favor of the motion.  
199  
200 NAC 631.1785 – Mr. Hunt indicated that in original regulation there was a summary suspension for critical  
201 errors, board can now summary suspend without needing to go before the Board first, which will now be  
202 added as section (5).  
203  
204 MOTION: Dr. Miller made the motion to approve added section (5) to the regulation. The motion was  
205 seconded by Mrs. Villigan. All were in favor of the motion.  
206  
207 NAC 631.180 – Mrs. Shaffer-Kugel indicated that this regulation was created prior to the existence of the  
208 UNLV School of Dental Medicine; therefore, the current statute supersedes the regulation.  
209  
210 MOTION: Dr. Miller made the motion to repeal this regulation. The motion was seconded by Dr. Pinther. All

Re: Order of Suspension

Dear Ms. Shaffer:

This letter is in response to the Order of Suspension, which was hand delivered to me by Dr. Strong on Friday, April 11, 2014, regarding my failure to submit by the April 5<sup>th</sup> due date the daily log for patients who receive implants/implant crowns for the month of March, as part of the stipulation agreement.

Please, be informed that for the months of January and February the logs were submitted in a timely fashion. It was a clerical oversight by my staff members and I, nothing less or nothing more, which caused the delay in submitting the March 2014 log. I had Staff changes as of April 1, 2014, and the daily log was not submitted by due date. I realize it is ultimately my responsibility to make sure I comply with the stipulation and not that of my staff. I ask the Board to remove the Suspension order, so I may resume dental care of my patients in a timely fashion.

Please be assured that it is my full intention to comply completely with all facets of the stipulation agreement set forth by the Board.

Also, please be informed that Dr. V.M. Kanian will be continuing dental care of my patients during my suspension. I respectfully request the Board to accept my plea and remove the Order of Suspension. If Board does not, I request a hearing as soon as possible before the board.

Sincerely,

  
John Y.H. Ismail, DMD, MS, PhD

Re: Advisory opinion

Dear Board Members:

I am writing to ask for an advisory opinion from the Board, regarding our company policy for consent for dental treatment for minors. My goal is to revise our existing policy, such that it will protect the best interest of children, and ensure that our providers are conforming to the legal requirements for the consent of treatment for said children. My providers and I have reviewed the Nevada Revised Statutes Chapter 631, and the Nevada Administrative Codes Chapter 631. We have not been able to clearly define our responsibility, based on the law.

The statutes we are referencing are as follows:

**NAC 631.2237 Procedures required before administration of anesthetic or sedation;**

**This statute says:** "If a patient is a minor, the consent must be obtained from his or her parent or legal guardian."

**NAC 631.230 Unprofessional conduct. This statute says:** "The failure to obtain a patient's written, informed consent before administering general anesthesia, deep sedation or conscious sedation to the patient or, if the patient is a minor, the failure to obtain his or her parent's or guardian's consent unless the dentist determines that an emergency situation exists in which delaying the procedure to obtain the consent would likely cause permanent injury to the patient."

Parental Consent for Dental Treatment of a Minor**

**Initial Visit/ Recall Visit/ True Emergency Visit:**

- 1) Any minor, (any person under the age of 18) will need to be accompanied by a parent or legal guardian in order to be seen by a Dentist in the clinic for an initial visit or recall visit. Exceptions are listed below and proper documentation is mandatory with no exceptions:
  - a. Any adult family member or temporary caretaker with a written notarized consent affidavit (typed or written note) from a parent or legal guardian will be accepted to ensure a minor can be seen in the clinic for an examination (which includes x-rays) for diagnosis of dental needs.
  - b. Any person appointed or granted by a court to consent medical or dental treatment of a minor is acceptable. Proper Court documentation is mandatory before examination can be completed.
  - c. Any Emancipated Minor shall be considered an adult for the purpose of consent to any dental examination or procedure as long as the minor has received a "declaration of emancipation" from the court. Documentation is as follows:
    - i. Provide a copy of emancipation decree and/or
    - ii. Completed MR1.07Fc Documentation of Self-Sufficient Minor Status
  - d. Any emergency situation where immediate intervention is warranted due to trauma or any other truly emergent condition. This decision should be made by the attending Dentist.
    - i. Patient can be examined
    - ii. Patient may receive treatment if the attending doctor feels treatment is warranted and necessary. This can be done without parental consent, but a call to the parent or legal guardian will be attempted.
    - iii. The documentation in the minor's chart should adequately describe the situation.

### **Treatment Appointment: Minor without Accompanied Caretaker**

- 1) Any adult acting as a temporary caretaker with a written notarized consent affidavit (typed or written note) from a parent or legal guardian will be accepted to ensure the minor can be seen for treatment in the clinic:
  - a. Any treatment will need to be authorized by the parent or legal guardian with at least a signed copy of the minors' treatment plan before ANY treatment can begin.
    - i. If an adult temporary caretaker is accompanying a minor for treatment, a phone call to the parent or legal guardian should be attempted and recorded in chart before treatment begins.
    - ii. Note: Attending Dentist has the right to require parent or legal guardian supervision at any appointment they feel may require more consent than the treatment plan describes. This notification will happen before an appointment to assure compliance from Parent/Guardian and to mitigate rescheduling.
- 2) Any adult with a written notarized consent affidavit (typed or written note) from a parent or legal guardian will need to remain at the facility while treatment is being conducted. A minor may **not** be dropped off for treatment.

### **We do not need to obtain a Parental Consent if the following applies:**

- 2) An emergency situation where immediate intervention is warranted due to trauma or any other truly emergent condition. This decision should be made by the attending Dentist.
  - i. Patient can be examined
  - ii. Patient may receive treatment if the attending doctor feels treatment is warranted and necessary. This can be done without parental consent, but a call to the parent or legal guardian will be attempted.
  - iii. The documentation in the minor's chart should adequately describe the situation.
- 3) Parent is accompanying the child.
- 4) Legal Guardian is accompanying the child.
  - i. Must have legal documentation in chart of legal guardianship.
  - ii. Legal guardian must sign financial agreement.
- 5) The minor is emancipated.
  - i. Provide a copy of emancipation decree and/or
  - ii. Completed MR1.07Fc Documentation of Self-Sufficient Minor Status

Re: Request an Advisory Opinion

Dear Dr. Capurro,

The Nevada State Board of Dental Examiners is in receipt of your request for an advisory opinion regarding whether you meet the licensure requirements for a dental hygiene license pursuant to NRS 631.300 and NRS 631.290. This matter will be noticed before the Board at the next regularly scheduled meeting to be held on Friday April 25, 2014 at 9:00 a.m. This meeting will be held at the Board's office located at 6010 South Rainbow Boulevard, Suite A-1, Las Vegas, Nevada 89118.

Your present is required to address any questions the Board Members may have regarding this request and the supporting documentation submitted.

Should you have additional questions, please do not hesitate to contact me at (702) 486-7044 ext. 23.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra", is written over the signature line.

PETITION FOR ADVISORY OPINION

Applicant/Licensee: Antonina Capurro Date: 4/29/11  
Address: 2340 Queen Bee Ct Suite No.: \_\_\_\_\_  
City: Las Vegas State: NV Zip Code: 89134  
Telephone: 702-677-7416 Fax: \_\_\_\_\_ Email: antonina.capurro@unlv.edu

In the matter of the petition for an advisory opinion of NRS & NAC Chapter 631:

This request is for clarification of the following statute, regulation, or order:

(Identify the particular aspect thereof to which the request is made.)

Note: If you require additional space you may attach separate pages to the petition form.

I am formally requesting an advisory opinion as to the allowance  
of my Doctorate of Dental Medicine diploma to be used in lieu  
of a hygiene diploma in meeting the requirements of NRS 631.290

The substance and nature of this request is as follows:

(State clearly and concisely petitioner's question.)

Note: If you require additional space you may attach separate pages to the petition form.

If the Board interprets NRS 631.290 in such a way that my clinical experience & dental  
education satisfy the state educational minimums for hygiene licensure, I ask that the  
Nevada Board of Dental Examiners write an official letter to the Western Regional Examining  
Board (WREB). Such a letter must state that although I did not graduate from an accredited  
dental hygiene program, my graduation from an accredited doctorate of dental medicine program  
would allow the Board to consider my application for dental hygiene licensure as long as all other  
requirements for dental hygiene licensure are met.  
(Please submit any additional supporting documentation with the petition form) - Please see additional documentation

Wherefore, applicant/licensee requests that the Nevada State Board of Dental Examiners grant this petition and issue an advisory opinion in this matter.

To Whom It May Concern:

The purpose of this letter is to formally request an advisory opinion as to the allowance of my Doctor of Dental Medicine diploma to be used in lieu of a hygiene diploma in meeting the requirements of NRS 631.290.

If the Board interprets NRS 631.290 in such a way that my clinical experience and dental education satisfy the state educational minimums for hygiene licensure, I ask that the Nevada Board write an official letter to the Western Regional Examining Board (WREB). Such a letter must state that although I did not graduate from an accredited dental hygiene program, my graduation from an accredited doctorate of dental medicine program would allow the Board to consider my application for dental hygiene licensure – as long as all other requirements for dental hygiene licensure (such as passing the WREB dental hygiene examination) are met. Once the Board's letter is received by the WREB, they will allow me to sit for a hygiene examination.

I sincerely appreciate your consideration in this matter.

Best Regards,

Antonina C. Capurro DMD, MPH
