Mr. DiMaggio made a statement regarding Public Comment.

Public comment submitted by Minette Galura-Boquiren, RDH, BS President, Nevada Dental Hygienists' Association dated 03/15/2021. NDHA supports Agenda (5)(e) Tele dentistry.

Public Comment from Terri Chandler, RDH Future Smiles Founder and Executive Director: dated 03/04/2021: Urged board not to *Reconsider or Amend* the Advisory Opinion issued by the Board on October 20, 2020 regarding whether dental healthcare provider can instruct parent/guardian to apply single unit dose of fluoride varnish to their child's teeth through a synchronous teledentistry platform – NAC 631.279; NAC 631.220(2)

Public Comment from Janet Crosswhite RDH, BS, PHE: Regarding (5)(e) dated 03/16/2021. Urged the board not to eliminate or amend its October 8, 2020 advisory opinion.

Public Comment from Antonio Ventura, BSDH, RDH Immediate Past-President, Southern Nevada Dental Hygienists' Association asked that NSBDE **NOT** reconsider, or Amend the Advisory Opinion issued by the Board on October 20, 2020 Agenda item 5 (E).

Public Comment from Annette Lincicome, BS, RDH Member, NDHA Legislative Committee: RE: Agenda item #5(e) The NDHA supports the Advisory Opinion handed down by the board on October 8, 2020 (listed as October 20,2020 in tonight's agenda) whereby a Nevada Licensed Dental Practitioner can instruct a parent/guardian to apply a single unit dose of fluoride varnish to their child's teeth through a synchronous teledentistry platform.

Public Comment from Jessica L. Woods, MPH, RDH regarding agenda item (5)(e) asked that the members of the Board **NOT** to amend or eliminate the advisory opinion approved on October 8, 2020 (the agenda reflects the incorrect date).

Public Comment from Nichelle Venable, BSDH, RDH regarding item 5e, requests that the board **NOT** reconsider or amend the advisory opinion issued on October 8th, 2020 (correct date).

Public Comment: Lancette VanGuilder, RDH, BS NDHA Legislative Chair Nevada Dental Hygienists Association and Dr. Mark Funke, DDS, Nevada Dental Association. On behalf of the Nevada Dental Association and the Nevada Dental Hygienists Association, we respectfully ask the members of the Nevada Board of Dental Examiners to perform their due diligence and ask on the record for an official Attorney General Opinion regarding Item 5.b and item 7 (j) of the March 16, 2021 Nevada State Board of Dental Examiners public board meeting. Specifically, Item 5.b is a return to the former way of doing business.

Second, Item 5.c is another power grab, like boards of the past, that delegates all subpoena authority to one member of the board. This lacks transparency and public engagement. Moreover, we do not believe that this delegation has statutory authority, nor follows Open Meeting Laws.

As the professional associations that jointly represent all professionals governed by this board, we would like to thank you for your time and attention to this matter, and take steps to not return to the practices of past boards that overreached in their authority and violated multiple Open Meeting Laws. The board's delegation for the Secretary to issue subpoenas is outside of NRS 631.360(4) which states that only the Executive Director may issue subpoenas. This is an attempt not of delegation, but of legislation.

Public Comment from Jennifer Henderson, RDH, BSDH According to the Agenda for the Board Meeting scheduled for Tuesday, March 16, 2021 Section "5. e. Request to Reconsider or Amend the Advisory Opinion issued by the Board on October 20, 2020 regarding whether dental healthcare provider can instruct parent/guardian to apply single unit dose of fluoride varnish to their child's teeth through a synchronous teledentistry platform – NAC 631.279; NAC 631.220(2)" is up for reconsideration and requested the Board **NOT** to amend its October 8, 2020 advisory opinion.

Public Comment from Jacqueline Wiebe Washoe County Educator: Maintaining the preventive public dental health measures allowed through the Advisory Opinion of October 8, 2020 is good public health science. Allowing synchronous application of fluoride varnish by a parent under the direction of a licensed dental practitioner during a tele dentistry visit is an opportunity to combat some of the health disparities Nevada's most at-risk children have experienced during this pandemic by preventing cavities.

Public Comment from Lancette VanGuilder, NDAA, asked the Board to get an Attorney General advisory opinion regarding agenda items 5(c) and (e) and 7 (j). She requested the Board uphold the Board's October 8, 2020 advisory opinion and regarding item 7 (a), the NDHA supports vaccine administration by licensed dental practitioners.

Public comment from Drs. Tyre Davis and Bryce Putnam of Nevada health Centers, Support dental healthcare providers ability to provide fluoride varnish to patient's teeth utilizing synchronous tele dentistry.

Public comment from Ashley Yuill urged the Board to vote **No** to the request in Item # 5(b) and (c).
