My name is Nicole L. Brewster. I have been a Registered Dental Hygienist since 1998. I went back to school in 2006 to get my Bachelor's Degree from College of Southern Nevada. I have always given back to the community for various dental charities. I found myself not being able to give them all the care they needed. I went back to school again in Minnesota to get a Master's Degree in Advanced Dental Therapy. I graduated December of 2018. I received this degree so that I would be able to come back to Southern Nevada and help my community. I want to take care of the Senior and Indigent population that is so sorely neglected. I want to serve my community to the fullest of my abilities.

Nicole L. Brewster RDH BSDH MSADT
