

NEVADA STATE BOARD of DENTAL EXAMINERS

BOARD TELECONFERENCE MEETING

TUESDAY, AUGUST 29TH, 2023

6:00 P.M.

PUBLIC BOOK

Nevada State Board of Dental Examiners

2651 N. Green Valley Pkwy, Ste. 104 • Henderson, NV 89014 • (702) 486-7044 • (800) DDS-EXAM • Fax (702) 486-7046

NOTICE OF AGENDA & TELECONFERENCE MEETING FOR THE CONTINUING EDUCATION COMMITTEE

Meeting Date & Time

Tuesday, August 29th, 2023
6:00 P.M.

Meeting Location:

Nevada State Board of Dental Examiners
2651 N. Green Valley Pkwy., Suite 104
Henderson, NV 89014

Video Conferencing / Teleconferencing Available

To access by phone, call Zoom teleconference Phone Number: (669) 900 6833

To access by video webinar, visit www.zoom.com or use the Zoom app

Zoom Webinar/Meeting ID#: **861 8425 6187**

Zoom Webinar/Meeting Passcode: **710993**

PUBLIC NOTICE:

Public comment by pre-submitted email/written form and live public comment in person by teleconference is available after roll call (beginning of meeting and prior to adjournment (end of meeting)). Live Public Comment is limited to three (3) minutes for each individual.

Members of the public may submit public comment in written form to: **Nevada State Board of Dental Examiners, 2651 N. Green Valley Pkwy, Ste. 104, Henderson, NV 89014; FAX number (702) 486-7046; e-mail address nsbde@dental.nv.gov**. Written submissions received by the Board on or before **Monday, August 28, 2023, by 4:00 p.m.** may be entered into the record during the meeting. Any other written public comment submissions received prior to the adjournment of the meeting will be included in the permanent record.

The Nevada State Board of Dental Examiners may 1) address agenda items out of sequence to accommodate persons appearing before the Board or to aid the efficiency or effectiveness of the meeting; 2) combine items for consideration by the public body; 3) pull or remove items from the agenda at any time. The Board may convene in closed session to consider the character, alleged misconduct, professional competence or physical or mental health of a person. See NRS 241.030. Prior to the commencement and conclusion of a contested case or a quasi-judicial proceeding that may affect the due process rights of an individual the board may refuse to consider public comment. See NRS 233B.126.

Persons/facilities who want to be on the mailing list must submit a written request every six (6) months to the Nevada State Board of Dental Examiners at the address listed in the previous paragraph. With regard to any board meeting or telephone conference, it is possible that an amended agenda will be published adding new items to the original agenda. Amended Nevada notices will be posted in compliance with the Open Meeting Law.

We are pleased to make reasonable accommodations for members of the public who are disabled and wish to attend the meeting. If special arrangements for the meeting are necessary, please notify the Board, at (702) 486-7044, no later than 48 hours prior to the meeting. Requests for special arrangements made after this time frame cannot be guaranteed.

Pursuant to NRS 241.020(2) you may contact at (702) 486-7044, to request supporting materials for the public body or you may download the supporting materials for the public body from the Board's website at <http://dental.nv.gov> In addition, the supporting materials for the public body are available at the Board's office located at 2651 N. Green Valley Pkwy, Ste. 104, Henderson, NV 89014.

Note: Asterisks (*) "**For Possible Action**" denotes items on which the Board may take action.

Note: Action by the Board on an item may be to approve, deny, amend, or tabled.

1. Call to Order

- Roll call/Quorum

2. Public Comment (Live public comment in person, by teleconference and pre-submitted email/written form):

The public comment period is limited to matters specifically noticed on the agenda. No action may be taken upon the matter raised during public comment unless the matter itself has been specifically included on the agenda as an action item. Comments by the public may be limited to three (3) minutes as a reasonable time, place and manner restriction, but may not be limited based upon viewpoint. The Chairperson may allow additional time at his/her discretion.

Members of the public may submit public comment via email to nsbde@dental.nv.gov, or by mailing/faxing messages to the Board office. Written submissions received by the Board on or before **Monday, August 28, 2023, by 4:00 p.m.** may be entered into the record during the meeting. Any other written public comment submissions received prior to the adjournment of the meeting will be included in the permanent record.

In accordance with Attorney General Opinion No. 00-047, as restated in the Attorney General's Open Meeting Law Manual, the Chair may prohibit comment if the content of that comment is a topic that is not relevant to, or within the authority of, the Nevada State Board of Dental Examiners, or if the content is willfully disruptive of the meeting by being irrelevant, repetitious, slanderous, offensive, inflammatory, irrational, or amounting to personal attacks or interfering with the rights of other speakers.

***3. Chairman's Report:** Dr. Kim, DMD (For Possible Action)

***a. Request to remove agenda item(s)** (For Possible Action)

***b. Approve Agenda** (For Possible Action)

***4. New Business:** (For Possible Action)

***a. Consideration and Possible Approval/Rejection of the Continuing Education Provider Course Application – NAC 631.173** (For Possible Action)

1. Florie V. Mancilla, RDH – Diode Laser Training (BioLase Inc.)
2. Ariana Loera – Webinar – A Culture of Safety in the Dental Practice: Where to Start & How to Make it Stick (Dental Learning Systems, LLC)
3. Saul Z Wasserman – Infection Control for Dental Professionals (Laboratory Consultation Services, INC)

5. Public Comment (Live public comment in person or by teleconference): This public comment period is for any matter that is within the jurisdiction of the public body. No action may be taken upon the matter raised during public comment unless the matter itself has been specifically included on the agenda as an action item. Comments by the public may be limited to three (3) minutes as a reasonable time, place, and manner restriction, but may not be limited based upon viewpoint. The Chairperson may allow additional time at his/her discretion.

Members of the public may submit public comment via email to nsbde@dental.nv.gov, or by mailing/faxing messages to the Board office. Written submissions received by the Board on or before **Monday, August 28, 2023, by 4:00 p.m.** may be entered into the record during the meeting. Any other written public comment submissions received prior to the adjournment of the meeting will be included in the permanent record.

In accordance with Attorney General Opinion No. 00-047, as restated in the Attorney General's Open Meeting Law Manual, the Chair may prohibit comment if the content of that comment is a topic that is not relevant to, or within the authority of, the Nevada State Board of Dental Examiners, or if the content is willfully disruptive of the meeting by being irrelevant, repetitious, slanderous, offensive, inflammatory, irrational, or amounting to personal attacks or interfering with the rights of other speakers.

6. Announcements***7. Adjournment** (For Possible Action)**PUBLIC NOTICE POSTING LOCATIONS**

Agenda Item 4(a):

**Consideration and Possible Approval/Rejection of the
Continuing Education Provider Course Application -
NAC 631.173 (For Possible Action)**

NAC 631.173 Continuing education: Required hours; types of courses and activities; approval of provider or instructor. (NRS 631.190, 631.342)

4. Any provider of or instructor for a course in continuing education relating to the practice of dentistry or dental hygiene which meets the requirements of this section must be approved by the Board, unless the course is for training in cardiopulmonary resuscitation or is approved by:

- (a) The American Dental Association or the societies which are a part of it;
- (b) The American Dental Hygienists' Association or the societies which are a part of it;
- (c) The Academy of General Dentistry;
- (d) Any nationally recognized association of dental or medical specialists;
- (e) Any university, college or community college, whether located in or out of Nevada; or
- (f) Any hospital accredited by The Joint Commission.

5. To be approved as a provider of a course in continuing education, the instructor of the course must complete a form provided by the Board and submit it to the Board for review by a committee appointed by the Board not later than 45 days before the beginning date of the course. Upon receipt of the form, the committee shall, within 10 days after receiving the form, approve or disapprove the application and inform the applicant of its decision.

6. Study by group may be approved for continuing education if the organizer of the group complies with the requirements of subsection 5 and furnishes the Board with a complete list of all members of the group, a synopsis of the subject to be studied, the time, place and duration of the meetings of the group, and the method by which attendance is recorded and authenticated.

7. Credit may be allowed for attendance at a meeting or a convention of a dental and dental hygiene society.

8. Credit may be allowed for courses completed via home study, on-line study, self-study or journal study which are taught through correspondence, webinar, compact disc or digital video disc.

9. Credit may be allowed for dental and dental hygiene services provided on a voluntary basis to nonprofit agencies and organizations approved by the Board.

(Added to NAC by Bd. of Dental Exam'rs, eff. 9-16-85; A 12-15-87; 9-6-96; R231-03, 5-25-2004; R063-05, 12-29-2005; R159-08, 4-23-2009; R020-14, 6-23-2014)

Agenda Item 4(a)(1):

Speaker(s) Information:

Biographical Sketch:

Florie V. Mancilla, RDH is a registered dental hygienist based out of Southern California. She has spent 24 years in the dental field starting her career as an RDA and then progressed to earn her bachelor's in science from Loma Linda University's dental hygiene program in 2011. She has served in varied hygiene roles such as specialty dental practices in prosthodontics and periodontics, school based tele-dentistry programs, non-profit public health settings, clinical and didactic faculty for dental hygiene and dental assisting programs as well as a contractor for dental CEU courses. She has been working with lasers since 2012 and is excited to share her laser experience with you.

Cindy Basile, RDH Cindy Basile is a registered dental hygienist and graduated from Onondaga College in Syracuse, NY. She has over 32 years of clinical experience and has been using the diode laser in her daily hygiene regimen for 20 years in San Diego, CA. She maintains multiple certifications on diode lasers and recently took a position as Clinical Integration Specialist for BIOLASE in special markets. Cindy is an expert at clinical integration and is eager to share her knowledge and expertise with other hygienists and dentists nationwide.

SYLLABUS AND COURSE OUTLINE

COURSE TITLE:

Diode Laser Training: Biolase Epic Hygiene and Epic X

COURSE OBJECTIVES:

Identify laser components and delivery system with safety protocols

Learn how to integrate laser techniques into hygiene soft tissue applications

Discuss patient management and assessment along with communication, terminology, and documentation

Demonstrate hands-on training, correct laser settings, correct angulation, and stroke techniques

COURSE LENGTH:

6 hours; 4 hours of Didactic presentation, including Laser Physics and Safety; 2 hours Hands-on demonstration and practice

COURSE OUTLINE:

- I. Overview of diode laser and usage
 - a. Indications for use
 - b. Oral systemic connection to inflammation
 - c. Benefits of diode laser use
- II. Laser Physics
 - a. Laser light characteristics and electromagnetic spectrum
- III. Laser Modes of Operations
 - a. Continuous Wave
 - b. Pulsed or Chopped/Gated Wave
 - c. Cooling methods
 - d. Laser Mediums
- IV. Laser Types
 - a. Hard and Soft Tissue Lasers
- V. Laser Safety
 - a. ANSI : MPE, NHZ, NOHD, OD
 - b. Laser Classifications
 - c. Eye protection
 - d. Laser Safety Officer responsibility
 - e. Laser safety mechanisms within laser unit
 - f. Combustible gases, Plume

SYLLABUS AND COURSE OUTLINE

- g. Infection Control
- VI. Laser Settings and Preset Considerations
 - a. Tissue observation and clinical judgement
 - b. Presets are baselines
- VII. Laser Hygiene Applications:
 - a. Laser Bacterial Reduction, Pocket Therapy
 - i. Outcome: disinfection
 - ii. Peri-Implant mucositis
 - b. Perio Debridement
 - i. Adjunctive to NSPT, Periodontitis diagnosis
 - ii. Outcome: tissue rehabilitation and disinfection
 - c. Aphthous Ulcers/Herpetic Lesions
 - d. Hemostasis
 - e. Clinical, Restorative and other applications
- VIII. Practice Management and Chart Documentation
 - a. Patient communication
 - b. Laser documentation
 - c. Practice management, terminology, codes
 - d. Models of care, treatment planning
- IX. Laser Tips
- X. Set-Up and Troubleshooting
 - a. Strategies and set up demo
- XI. Hands-On Demonstration and Technique
 - a. Laser Bacterial Reduction, Pocket Therapy
 - i. Rationale and settings
 - ii. Step by step instructions
 - iii. Video Demo
 - iv. Participants live demonstration with feedback
 - b. Treatment of Oral Lesions
 - i. Rationale and settings
 - ii. Step by step instructions
 - iii. Video Demo
 - iv. Participants live demonstration with feedback
 - c. Perio Debridement
 - i. Rationale and settings
 - ii. Step by step instructions
 - iii. Video Demo
 - iv. Participants live demonstration with feedback
 - d. Hemostasis
 - i. Rationale and settings
 - ii. Step by step instructions
 - iii. Video Demo
- XII. Other Clinical Applications with the Diode
 - a. Laser Whitening

SYLLABUS AND COURSE OUTLINE

- b. Pain Therapy
- c. Oral Lesions

Personal

Name: Michael K. Koceja DDS

Education

Marquette University, Milwaukee WI
Undergraduate studies 1978-1982
Marquette University School of Dentistry
Dental Studies 1982-1986
Degree received, DDS

Professional Licensure

Washington: WA State Department of Health #DE00009967
Oregon: Oregon Board of Dentistry
California: California Board of Dentistry
Wisconsin: Wisconsin Board of Dentistry

Honors and Awards

Navy Commendation Medal 1999
Periodontal Fellowship Certificate 2002, US Navy, San Diego , CA

Professional and Clinical Experience

Received Commission following Dental School as a Lieutenant in the United States

Navy

1986-1989 Naval Training Center, Orlando FL
Two year General Dentistry Rotation Program
1989-1991 USS Canopus - Ships Dental Officer
1991 Received Navy Commendation Medal for Outstanding Service
1991-1992 Periodontal Fellowship Program, San Diego CA
1992-1994 Dental Officer with 1st F556, Camp Pendleton CA
Dental Clinic Director Camp Horno Dental Clinic
1994-2004 Private Practice, San Marcos CA
2000-Present, Worldwide Lecturer on Dental Lasers
2004-Present, Private Practice, Vancouver WA

Laser Certifications and Positions

ALD Proficiency 2001

WCLI Fellowship 2001

Mastership 2003

Beta test site for Waterlase MD Laser 2003

Member Certification Committee WCLI

Affiliations

AAP Member 1991-1994

- 2013 Standard Proficiency Laser Certification
- 2013 One-Day WCLI Seminar in coursework and clinical simulations
- 2015 Hard and Soft Tissue Laser Certification on Iplus laser-ALD

Professional Membership

- WCLI –World Clinical Laser Institute
- ALD- Academy of Laser Dentistry
- AGD- Pace Provider ID # 356318 - current to 12-31-2018 - Productive Laser Hygiene Services Inc.

Other Certificates:

- 1995 Outstanding contributions as a Distinguished Lecturer in continuing education program in Preventive Dentistry for Dental Technicians

Employment Experience:

- 2022-Present Clinical Integration Specialist for BIOLASE
- 2012 - Present Self Employed-Productive Laser Hygiene Services Inc.
- 2020-2022 DR. SUZANNE POPP | DDS FICOI (PART-TIME)
- 2012 - 2020 Dr. Ralph Gagliani, Dr. Alexandros Reizian, San Diego, CA
- 2012 - 2013 Dr. Roya Niakiani, San Diego, CA
- 2010 - 2012 Dr. Thomas Olinger, La Mesa, CA (Dental Board Examiner for Dentists)

- 2007 - 2009 Dr. Javad Aghaloo, Bankers Hill, CA
- 2005 - 2007 Dr. Carlos Espania, Chula Vista, CA
- 2004 - 2006 Dr. Nicholas Addario, Chula Vista, CA
- 1999 - 2002 Dr. Bradley Silva, Santee, CA
- 1996 - 1999 Dr. Renae Wilson, El Cajon, CA
- 1990 - 1995 Dr. John Liang, Utica, NY

I been a dental hygienist for 32 years graduating from Onondaga College in New York. I have been using the diode laser in my daily hygiene regimen for the past 19 years and have become proficient using multiple diode lasers. I have many certifications including advanced laser training & is currently a member of ALD (Academy of Laser Dentistry) and WCLI (World Clinical Laser Institute). I offer a pace approved course for Laser Training/Standard Proficiency nationwide via custom in office training as well as hands on seminar classes. Last year I took a position in the education department for BIOLASE as their Clinical Integration Specialist.

DR BRAD LABRECQUE DMD MSc [Aachen]

Dr. Brad Labrecque is a general dentist whose focus is incorporating Laser Technology in the modern dental practice . He is passionate about training dental practitioners in the use of Dental Lasers in all clinical procedures . Dr. Labrecque implemented lasers early in his clinical practice being one of the first dentists in Canada . He has taken hundreds of hours of continuing education and his practical experience makes him a global authority on Laser Dentistry and is sought after by dental practitioners worldwide to train them in successful implementation of this technology to improve their clinical outcomes from the traditional dental protocols.

University of Saskatchewan Biochemistry BSc [hon]
 University of Saskatchewan Dentistry DMD 1983
 World Congress of Microdentistry .. founding member 2001
 WCLI fellowship 2006
 Expert practice management consultant
 Luminary Biolase technology 2008
 WCLI mastership 2010
 WCLI accreditation examiner 2012
 Transitions Hygiene consultant
 Aachen University Laser Mastership 2014
 Associate Clinical Professor Univ of Sask 2016
 Academy of Laser Dentistry Fellowship 2016
 Fotona Clinical trainer 2016
 Mastership LAHA 2019

Since 1995 Dr. Labrecque has lectured globally on this technology in many conferences includingCanada /USA/ Australia/ New Zealand /Iceland / Slovenia / Germany. This is due to his extensive knowledge in all wavelengths of dental lasers . Dr. Labrecque maintained a general group practice at Cedar Dental Centre in Kamloops BC Canada since 1984 - 2019 where it is focused on minimally invasive dentistry.

He currently is employed by Biolase INC where he is the Director of Practice Integration .

*Biographical Sketch***Ariana Loera****OSHA and Infection Control Director****Experience**

Ariana Loera has 9 years dental assisting experience, 2 years as Clinical Coach and currently, 7 years as OSHA and Infection Control Director.

Education

Highschool Diploma.

Attended the Nevada Workplace Safety and Health Training classes at Nevada Consultation and Training Section Center and part of Safety and Health Practitioner Certificate Program.

October 8, 2016 attended the UNLV School of Dental Medicine course on Infection Control in the Dental Care Settings I-2016. April 24, 2017 attended the Fred Pryor seminar for OSHA Compliance and October 20, 2020 attended the Bloodborne Pathogens Awareness SCATS online training.

More recently completed the Understanding CDC's Summary of Infection Prevention Practices in Dental Settings, October 6, 2022, the OSAP-DALE Foundation Dental Infection Prevention and Control Certificate Program and the OSAP-DALE Foundation Dental Infection Prevention and Control eHandbook, November 8, 2022. On January 23-25, 2023, attended the OSAP Dental Infection Control Boot Camp.

Summary

This training overviews the policies and procedures established in the office's Safety and Health Program, and Infection Control Plan

Objectives

To train all staff members in the principle and practices of infection prevention and control and workplace safety. Staff members will learn the skills and responsibilities to implement and manage an effective safety and infection control program. To inform team members on OSHA Standards and Regulations and CDC Guidelines in dental settings enforced by the Nevada State Board of Dental Examiners.

Introduction To Governing Agencies

Safety and Health Program Training

- Occupational Safety and Health Administration
- Rights and Responsibilities
- Safety Policy
- Ladder Safety
- Emergency Action Plan
- Fire Prevention Plan
- Gas Cylinder
- Safety Signs
- Emergency Kits
- Hazard Communication Plan
 - GHS
 - Pictograms
 - SDS and Chemical Inventory
- Chemical Labeling
 - Secondary Containers

Exposure Control Plan and Infection Control Plan Training

- Bloodborne Pathogen Introduction
- Epidemiology , Symptoms, Modes of Transmission and Vaccination
 - HBV
 - Vaccine Declination
 - HIV

 MS Word / MS Excel / MS PowerPoint
 Inventory Control
 Client Service

EXPERIENCE:

1976 - present

Laboratory Consultation Services, Inc.
 1291 Dickerson Road
 Teaneck, NJ 07666

Vice President, Senior technical and management consultant.

Provided in-person and online mandated courses in Infection Control and Barrier Precautions to thousands of medical and dental healthcare professionals (New York, New Jersey, California, Maryland, Iowa).

Set-up new laboratories and new procedures. Write technical manuals and safety manuals. Provide orientation and training to testing personnel. Advise on optimal instrumentation, methodologies and Laboratory Information Systems for use in testing, billing, QC monitoring and statistical analyses. Advise on efficiency in purchasing. Performing cost analysis. Ensure regulatory compliance by writing policy manuals for safety against exposure to Blood Borne pathogens, Air Borne pathogens and Chemical Hazards. Licensed instructor for Infection Control Seminars required by various state Departments of Health / Education for licensed healthcare workers.

2015 -2017

Quality Laboratory Service
 2124 Morris Avenue
 Union, NJ 07083

Chief Compliance and Safety Officer
 Obtained Federal CLIA and DEA licensing
 Obtained licensing for several states
 Reviewed and updated all procedures
 Wrote Quality Management Manual
 Provided continuing education to staff

1993 - 2015

Shiel Medical Laboratory, Inc.
 63 Flushing Avenue
 Brooklyn, NY 11205

Coordinator of Quality Assurance; Associate laboratory manager

Responsibilities include: Quality control for Hematology, Chemistry and Special Hematology. Arrange and conduct continuing education sessions. Develop employee and facility safety and health plan as well as ensure regulatory and safety compliance. Troubleshoot technical problems. Assess employee competence. Provide in-service education to physician and nursing home clients for infection control, specimen integrity and laboratory procedures.

Received

AUG 07 2023

Client relations. Apply for and maintain accreditation from Joint Commission and CAP. Represent laboratory services at medical board meetings at over 50 nursing home facilities. Established satellite laboratories.

1995 - 1997

Syrin College
Brooklyn, NY 11219
Safety Consultant, Curriculum/Course outline-Medical Technology.

Ensure regulatory compliance by writing policy manuals for safety against exposure to Blood Borne pathogens, Air Borne pathogens and Chemical Hazards. Write curriculae and course outlines for technical courses to be approved by the Department of Education. Lecture classes. Ensure regulatory compliance by writing policy manuals for safety against exposure to Blood Borne pathogens, Air Borne pathogens and Chemical Hazards. Provide personnel training for OSHA compliance.

1991 - 1995

Mandl School for Allied Health Careers
New York, NY
Teacher / Lecturer, Medical Laboratory Technology, Medical Assistant

Taught all lecture and laboratory courses in departments of Medical Technology and Medical Assisting. Ensure regulatory compliance by writing policy manuals for safety against exposure to Blood Borne pathogens, Air Borne pathogens and Chemical Hazards. Provide personnel training for OSHA compliance.

1983 - 1993

Wadsworth Medical Laboratory, Inc.
New York, NY
General Manager and Technical Supervisor.

Was responsible for all phases of operation of the laboratory as part owner.

1969 - 1980

Universal Diagnostic Laboratories, Inc.
Brooklyn, NY
General Manager and Technical Supervisor

Performed routine and esoteric testing in Chemistry and Special Chemistry. In charge of quality control performance and documentation. Developed new methodologies and performed field research for manufacturers of products prior to FDA approval.

1968 - 1970

Maimonides Medical Center
Brooklyn, NY
Technologist, Hematology and Chemistry.

Performed phlebotomy procedures and testing in routine Hematology and Chemistry.

INFECTION CONTROL FOR DENTAL PROFESSIONALS

Course Description. This course is an online, self-study course designed to be a practical, easily understood, comprehensive course to train the dental professionals the current scientifically accepted principles of infection control. The course is easily navigated and can be taken in multiple sessions. At the conclusion of reading the course contents, the participants takes a short final exam to assess the level of understanding. At the successful conclusion a certificate is available for printing.

The Goal of Infection Control Training is to: To minimize or prevent the transmission of infections in the dental setting between:

Patient and Dental Professional
Dental Professional and Patient
Patient and Patient
Dental Professional and Dental Professional

- Assure that all Dental Health Care Personnel (DHCP) understand how infections may be transmitted
- Apply current administrative measures and scientifically accepted infection prevention and control principles
- Understand proper respiratory hygiene, cough etiquette, safe injection practices and instrument processing
- Minimize opportunity for transmission of pathogens to patients, healthcare workers and others
- Familiarize professionals with the law requiring this training and the professional misconduct charges that may be applicable for not complying with this law
- Provide references to additional documents for more detailed background and recommendations.

Learning Objectives:

- Exposure Control Plan
- Bloodborne, Airborne, Foodborne Pathogens
- Engineering Controls/Work Practice Controls
- PPE – when where and how
- Standard / Universal Precautions
- Cleaning, Disinfecting and Sterilizing
- CDC dental checklist
- CDC and OSHA requirements

INFECTION CONTROL for DENTAL PROFESSIONALS

ONLINE COURSE OUTLINE

- I. **Nevada Administrative Code (NAC) 631.177(2)**
 - a. OSHA regulations, CDC recommendations
 - b. Infection Control Education
 - c. Biennial License and Registration Renewal
 - d. Training Requirements
 - e. Introduction
 - f. Comparison of Required Infection Control to OSHA Blood Borne Pathogen Standard
 - g. Objective
 - h. Goal of Infection Control

- II. **Element I**
 - a. HEALTHCARE PROFESSIONALS HAVE THE RESPONSIBILITY TO ADHERE TO SCIENTIFICALLY ACCEPTED PRINCIPLES AND PRACTICES OF INFECTION CONTROL IN ALL HEALTHCARE SETTINGS AND TO OVERSEE AND MONITOR THOSE MEDICAL AND ANCILLARY PERSONNEL FOR WHOM THE PROFESSIONAL IS RESPONSIBLE.
 - i. Failure to use scientifically accepted infection prevention techniques
 - ii. Consequences of failure to observe principles

- III. **Element II**
 - a. MODES AND MECHANISMS OF TRANSMISSION OF PATHOGENIC ORGANISMS IN THE HEALTHCARE SETTING AND STRATEGIES FOR PREVENTION AND CONTROL.
 - i. Chain of Infection
 - ii. Bacterial Infections
 - iii. Viral Infections
 - iv. Blood Borne Pathogens
 - v. HIV
 - vi. HBV
 - vii. HCV
 - b. Exposure Prevention Strategies
 - i. Standard Precautions
 - ii. Universal Precautions
 - iii. Barrier Precautions
 - iv. Social Distancing

- IV. **Element III**
 - a. USE OF ENGINEERING AND WORK PRACTICE CONTROLS TO REDUCE THE OPPORTUNITY FOR PATIENT AND HEALTHCARE WORKER EXPOSURE TO POTENTIALLY INFECTIOUS MATERIAL IN ALL HEALTHCARE SETTINGS.
 - i. Administrative Controls
 - ii. Engineering Controls

Received
 AUG 07 2023
 NSBDE

iii. Work Practice Controls

V. Element IV

- a. SELECTION AND USE OF BARRIERS AND/OR PERSONAL PROTECTIVE EQUIPMENT FOR PREVENTING PATIENT AND HEALTHCARE WORKER CONTACT WITH POTENTIALLY INFECTIOUS MATERIAL.
- b. Types of PPE
 - i. Gloves
 - ii. Respirators (Masks)
 - iii. Protective Clothing
 - iv. Eye and Face Protection
- c. Respiratory Hygiene / Cough Etiquette
- d. Sharps Safety
- e. Safe Injection Practices

VI. Element V
